COMMERCIAL & FINANCIAL CHRONICLE.

[Entered according to Act of Congress in the year 1897, by WILLIAM B. DANA COMPANY, in the office of Librarian of Congress, Washington, D. C.]

NEW YORK, JANUARY 30, 1897.

RAILROAD DIVIDENDS FOR SEVEN YEARS.

The following table shows the dividends paid for seven years past on all railroad stocks (of steam railroads) sold at the Stock Exchanges in New York, Boston, Philadelphia and Baltimore. Stocks which have been merged or consolidated, and have no longer a separate existence, are not included. Dividends actually paid form the basis of a year's total. Those declared in one year and paid in another appear in the latter year. An article on Railroad Dividends was published in the COMMERCIAL AND FINANCIAL CHRONICLE of January 16, 1897, pages 106 and 107, in which the changes that occurred during 1896 are discussed.

STOCK AND BOND TABLES.

NOTES.

These tables are expressly intended to be used in connection with the information concerning investment matters published from week to week in the CHRONICLE. Frequent references are therefore made in the text to the page and volume, where fuller information may be found, and following each company's statement is given a reference to the latest item in the CHRONICLE regarding the company. As every item in the CHRONICLE contains a reference to the last preceding item, the reader can run back over the company's history at pleasure. Annual reports are in black-faced figures, and *italics* indicate that the information is contained in a paragraph headed by the name of some other company.

Any company in this SUPPLEMENT not in its regular alphabetical order may be found by means of the index to roads leased and consolidated. The "dividends" appearing in the text are those which have actually been paid during the calendar years named, irrespective of when they may have been earned; hence they often differ from the dividends reported with the earnings for the same years respectively.

By "net earnings" as used in this SUPPLEMENT is meant the earnings remaining after deducting operating expenses, but not interest on debt, rentals or other fixed charges. Some companies report net earnings before and some after deducting taxes.

Abbreviations used are: M. for "mortgage;" gen. M. for "general mortgage;" con. M. or consol. M. for "consolidated mortgage;" inc. M. for "income mortgage;" g. for "gold;" guar. for "guaranteed;" guar. p. & i. for "guaranteed principal and interest;" cum. for "cumulative;" non-cum. for "non-cumulative;" conv. for "convertible;" pref. for "preferred;" s. f. for "sinking fund;" l. gr. for "land grant;" r. for "registered;" c. for "coupon;" c. for "coupon but may be registered as to principal;" c. & r. for "coupon and registered;" br. for "branch;" end. for "endorsed;" "red." for redeemable, meaning subject to call before maturity (so "red. at 100" means subject to call at par); "d'n" or "drawn" for subject to call for the sinking fund from time to time when drawn by lot; "p. m." for "per mile," thus \$15,000 p. m. means \$15,000 per mile.

Miles of Road.—Opposite bonds, this means the miles of road owned covered by the mortgage.

Size or Par Value.—Shows (in dollars unless otherwise marked), the denominations or par value, "100, &c.," signifying \$100 and larger.

Rate Per Cent.—The interest per annum is given for bonds, and the dividends per annum for stocks; g. means gold; x, extra; s, stock or scrip; per an. means per annum, so 6 per an. (M. & N.) means 6 per cent yearly, payable 3 per cent in May and 3 per cent in November.

When Payable.—J. & J. stands for January and July; F. & A., February and August; M. & S., March and September; A. & O., April and October; M. & N., May and Nov.; J. & D., June and Dec.; Q.—J., quarterly from Jan.; Q.—F., quarterly from Feb.; Q.—M., quarterly from March.

Bonds, principal when due, etc.—This column shows the date when the bonds mature and the last dividend paid on stocks.

subscribers will confer a great favor by giving immediate notice of any error discovered in these Tables.

The prior lien bonds are to be issued only in lieu of general mortgage bonds, and in case of the issue of prior lien bonds, \$1,250 of the general mortgage bonds must be reserved for the redemption of each \$1,000 of prior lien bonds. Also, of the \$17,000,000 authorized, \$12,000,000 can only be issued to replace a like amount of existing prior securities; and \$5,000,000 are reserved for improvements, and are to be used only in case general mortgage bonds cannot be sold for 80 per cent, and in no event after year 1900.

The Adjustment Mortgage (Abstract V. 62, p. 739) is to the Central Trust Co. as trustee. Interest is payable only out of net earnings, and is non-cumulative till July 1, 1900, and cumulative thereafter. Present issue is limited to \$51,728,000, but when the \$30,000,000 general 4s authorized for improvements as above have been issued (i. e., not before June 30, 1905), \$20,000,000 additional adjustment 4s may be issued for the same purposes at not exceeding \$2,000,000 in any one year, but only by a majority vote of the adjustment bondholders.

GENERAL FINANCES.—In January, 1897, a settlement was pending to purchase the Atlantic & Pacific, Western division, 564 miles, the Atchison to issue \$3,400,000 general mortgage 4s (making total outstanding \$106,253,000) and \$9,200,000 of preferred stock, making total \$107,991,400. Atchison will also assume the net floating debt of A. & P. receivers and costs of foreclosure, etc. (\$1,200,000). Renewals and repairs of A. & P. it is said, will cost about \$1,200,000, but it is probable that the rental paid by the A. & P. to the Southern Pacific for the use of its Mojave division, 242 miles (\$436,266), will be reduced or a new line be built replacing same. See full particulars in V. 64, p. 179 and A. & P. statement.

On June 30, 1896, \$4,910,000 of the Western Union stock was still owned. A contract or lease made with the Chic. & N. Pac. in Dec., 1891, gives use of terminals in Chicago.

In November, 1895, an important change took place in the directory, the following representatives of New York and London banking houses succeeding Baltimore men. With the proceeds of receivers' certificates the rolling stock has been increased and various improvements have been made. Early in the receivership a number of important loans had their coupons in default (see a list of those in SUPPLEMENT of July, 1896), but in Jan., 1897, all the overdue coupons, with the exception of those below mentioned, had been paid.

GENERAL FINANCES, &c.—The floating debt of March, 1896, was as follows: Bills payable and claims audited to May 1, \$3,632,741; additional claims, about \$500,000; pay rolls for February, \$866,801; total, \$4,999,542 (of which \$2,847,680 remained unpaid May 1); due receivers for disbursements, \$808,072; negotiable paper, including endorsements, \$9,500,000, for which are pledged substantially all the securities of the company, estimated at \$18,000,000.

Mr. Little reported the floating debt of Nov. 30, 1895, as follows: Notes and loans secured by collateral, \$3,744,674; unsecured debts, \$8,629,256; total, \$12,373,930. Offsets, excluding stocks and bonds, \$5,913,430; balance, net debt, \$6,460,500. In addition there were outstanding notes endorsed for other companies to a total of \$9,752,230, of which \$1,950,000 for Baltimore Belt Ry., \$2,018,000 for Pitts. & West, and \$2,010,155 were equipment trusts secured by equipment.

In June, 1896, were issued \$5,000,000 receivers' certificates for the payment of floating indebtedness and for repairs of cars and locomotives (\$1,050,898); repairs of roadway and track, etc. (\$1,290,000). Car trust certificates for \$3,400,000 were also issued for purchase of 5,000 freight cars and 75 locomotives—V. 62, p. 948. In December, 1896, also were issued \$956,000 certificates to complete Baltimore Belt RR., etc., and \$650,000 for improvements, etc., on Pittsburg & Connellsville RR. V. 63, p. 967, 1008.

The report of expert accountant Little dated July 11, 1896, was quoted in V. 63, p. 1009, 1062. It estimates that from Sept. 30, 1888, to Nov. 30, 1895, the company's profits were overstated by \$11,204,859 through a mistaken method of accounting, but shows that nevertheless there was a profit over fixed charges, excluding dividends, amounting to \$300,000 on 1st and 2d preferred stocks as follows:
For year ending June 30, 1895, \$5,956; for 1893-4, \$286,575; for 1892-3 deficit of \$62,725; for 9 months to June 30, 1892, a deficit of \$486,651; for year ending Sept. 30, 1891, surplus of \$974,544 and for 1889-90 a surplus of \$1,085,225.

Editorials in the CHRONICLE, however, on pages 1040, 1092 and 1135 of Volume 63, give reasons for believing that Mr. Little was much too drastic in his treatment, and that the real profits were greater than he states. On the other hand, when considering the company's condition, it should be remembered, as stated in V. 63, p. 901, that when the receivers took possession much of the equipment was out of repair, also that the fixed charges for the year ending June 30, 1896, increased \$443,211 (\$300,000 for interest on Baltimore Belt bonds) and that from May to December, 1896, were issued in the aggregate \$6,606,000 of receivers' certificates and \$3,400,000 of car trust certificates, entailing an annual outlay for interest of \$584,000, partly however in lieu of interest on floating debt.

ORGANIZATION, CONTRACTS, ETC.—The Company was chartered in Canada February 24, 1884, and debt readjusted in 1878. In Nov., 1892 a close contract was made with the Michigan Central for 21 years from January 1, 1893, providing for the payment to Canada Southern of one-third the joint income over all fixed charges. The contract provided for a re-apportionment every five years, and in December, 1892, it was agreed to give the Canada Southern 40 per cent and the Mich. Cent. 60 per cent of the first \$1,000,000 of net earnings, any amount over that to be divided on the basis of one-third and two-thirds, as before. But under the original contract each company was accorded all benefit to accrue from reduction in its fixed charges. V. 61, p. 5. The Michigan Central to Jan. 1, 1890, had reduced its charges \$319,200; the Canada Southern not at all.

HISTORY, ETC.—Incorporated Feb. 18, 1881, under charter from Dominion of Canada, receiving \$25,000,000 in cash as a subsidy, also 25,000,000 acres of land, all to be fit for settlement. The Ontario & Quebec, Montreal to Toronto Junction, 334 miles, was leased in 1893

for 999 years, and its stock and bonds guaranteed. In July, 1890, leased the New Brunswick R'y. for 990 years.—(See V. 51, p. 113.)

STOCK.—The company bought of the Dominion Government an annuity of 3 p. c. per annum on the stock for the ten years 1884-1893, the last payment having been made in August, 1893. Preferred stock for \$8,000,000, to bear 4 per cent interest and be non-cumulative, was authorized by stockholders May 10, 1893, for improv. and equip.; but only \$1,570,000 of this issued to July, 1896.

DIVIDENDS paid—On common in 1893, 2 1/2% per cent; in 1894, 5; in 1895, 4; from 1896 to 1899 inclusive, 3 p. c. yearly; from 1890 to 1893, inclusive, 5 per cent yearly, but only 2 per cent of it from earnings; in 1891, Feb., 2 1/2% p. c.; Aug., 2 1/2% p. c.; in 1895, none; in 1896, April, 1 1/2% p. c.; Oct., 1 p. c.—V. 63, p. 208. On preferred from October, 1894, to October, 1896, at rate of 4 p. c. per annum.

BONDS, DEBENTURE STOCK, GUARANTEED BONDS, ETC.—In May, 1898, the company relinquished its exclusive right to operate in Manitoba lines to the International Boundary, receiving the Dominion Government guarantee of interest on \$15,000,000 of land bonds. Those bonds are a lien on 15,444,200 acres of land subject only to \$3,426,000 land grant bonds of 1891, which are redeemable at 110.

As in consolidated debenture stock see V. 63, p. 116. For list of securities held against it Dec. 31, 1895, see V. 62, p. 639.

The Quebec Province 5 per cent loan, maturing in 1902 and 1904, was extended in 1894 at 4 1/2% per cent (average rate) payable in two equal instalments March 1, 1904, and March 1, 1906.

In June, 1890, company agreed to guarantee the principal and interest of \$20,000,000 4 per cent, to be issued by the Duluth South Shore & Atlantic; also 4 per cent interest on bonds of the Minneapolis St. Paul & Sault Ste. Marie. (See V. 50, p. 874; V. 51, p. 230; V. 52, p. 608.) At the Dul. S. S. & A. consols it owned Jan. 1, 1896, \$14,923,000.

To the Atlantic & Northwest Railroad, crossing the State of Maine, the Dominion Government grants a subsidy of \$180,000 per year till 1900 and Canadian Pacific guarantees the balance of interest money.

St. Lawrence & Ottawa bonds are endorsed with the Canadian Pacific's acceptance of a 999 years' lease at a rental sufficient to pay 4 per cent interest on bonds, and the bondholders' agreement to accept interest at 4 per cent (instead of 6 per cent as formerly), and to refrain from demanding payment of principal during continuance of lease; the maturity of the bonds is June 15, 1910.

The New Brunswick Railway consolidated debenture stock has interest guaranteed by C. P.; interest on the first mortgage bonds, though not guaranteed, is paid out of rental under 990 year lease.

LANDS.—Lands sold Dec. 31, 1895, were 16,027,320 acres of Canadian Pacific grant and 1,130,210 acres of Manitoba South Western grant and 190,000 acres of Columbia and Kootenay grant. Total sales in 1895, from both grants, were 61,076 acres for \$193,280, against 40,407 acres for \$159,631 in 1894. V. 62, p. 639.

In 1895 issued \$1,074,000 cons. debenture stock. As to preferred stock see a preceding paragraph. Dividends on preferred stock at rate of 4 per cent have been regularly paid. In July, 1896, 2520,900 debenture 4 per cent stock (making the total outstanding \$45,347,913) was issued to retire a like amount of Minneapolis & Pacific 5s, thus reducing fixed charges.—V. 63, p. 116.

The line from Milledgeville to Covington, Ga., formerly the Middle Ga. & Atlantic was purchased in Dec., 1896, V. 64, p. 92, 180.

HISTORY, &c.—The former Chesapeake & Ohio was sold in foreclosure April 2, 1878, and this company organized. In 1889, under the direction of Draxel, Morgan & Co., reorganized without foreclosure, and the road extended to Cincinnati. The consolidation with the Richmond & Allegheny was consummated in January, 1890. The Elizabethtown Lexington & Big Sandy and other roads were absorbed in 1892. In September, 1893, the Chesapeake & Ohio Steamship Co., controlled by this company, began operations. See below and V. 55, p. 1078.

The C. & O. in 1895 arranged with the Louisville & Nashville for trackage rights from Lexington to Louisville, Ky., 84 miles (operated since Apr. 1, 1896). Jointly with the C. C. & St. L., the C. & O. acquired in 1895 control of the Louisville & Jeffersonville Bridge Co., with large terminals in both those cities and bridge across the Ohio River. A joint and several guaranty of the Bridge Company bonds (of which \$3,000,000 in all are now issued) has been given by the Cleveland Cincinnati Chicago & St. Louis and by the Chesapeake & Ohio. Any deficit is payable one-third by C. & O. and two-thirds by Big Four. See

L. & J. Bridge in "Miscellaneous Companies" and V. 60, p. 130; V. 61, p. 327, 559; V. 62, p. 84.

CAPITAL STOCK.—Common stock is \$60,493,000; increased from \$45,000,000 to this figure since 1892 through exchange of practically all the \$25,000,000 of preferred stocks for common stock and general mortgage 4 1/2 per cents in certain proportions. First preferred for \$32,500 and second preferred for \$25,900 only was outstanding July 1, 1896. See terms of exchange in V. 54, p. 642.

BONDS.—The series A bonds of 1878 cover, subject to the purchase money of the main line from Richmond, Va., via Charlottesville to Ashland, Ky., 424 miles, and are equally secured with the *Peninsular Extension 6a* by first mortgage on extension to Newport News, 75 miles.

The consolidated mortgage due in 1899 is for \$30,000,000 (trustee, Central Trust Company), and sufficient bonds are reserved to provide for prior liens. This mortgage is also secured by deposit in trust of the \$11,000,000 bonds and two-thirds of the stock of the Maryland & Big Sandy RR., (on road Ashland to Covington, Ky.), and of the Bridge to Cincinnati, all owned by the Ches. & O. RR. (See abstract, V. 49, p. 147.)

Richmond & Allegheny Division bonds cover the low-grade freight route from Richmond via Lynchburg to Clifton Forge and branches. (Mort. abstracts, V. 51, p. 144.)

The general mortgage of 1892 (Central Trust Co. and H. T. Wickham trustees) is for \$70,000,000, but additional amounts at \$25,000 per mile may be issued for double-tracking. Of the \$70,000,000 as above, \$32,691,000 bonds were reserved to provide for the \$30,000,000 consols of 1889, issued or to be issued, etc. The balance unissued may be sold for new acquisitions, rolling stock, etc., but not more than \$2,000,000 thereof in any one year. The mortgage covers the entire property of the company, real and personal, at the time the deed was made, and all additional property and mileage acquired with the proceeds of the bonds. See full abstract of mortgage in V. 54, p. 644; also V. 54, p. 642; V. 55, p. 335. In Jan., 1897, \$21,709,000, had been listed on New York Stock Exchange.

The *Elizabethtown Lexington & Big Sandy* first mortgage bonds, interest on which has been reduced to 5 per cent, have been endorsed with the C. & O. guaranty of principal and interest, and general mortgage bonds have been set aside to retire them at maturity. There are also Manchester City 8s, \$60,200, and 5s, \$36,000.

OPERATIONS, FINANCES, &c.—Since the reorganization in 1888, when the control of the company was placed for five years in the hands of trustees, the property has been greatly enlarged and improved. It is operated in harmony with the Vanderbilt lines.

The C. & O. June 30, 1896, was liable for bills payable \$575,000, of which \$125,000 on account of the investment in steamship company's debentures, which are subject to sale; the balance, \$450,000, represented a part of the equipment notes and car trust bonds paid off during the last two years. These loans are on long time, with a portion of \$1,074,000 4 1/2 per cent bonds in the Norfolk Wharf Warehouse & Terminal properties amounting to \$423,841.

The interest charges for the fiscal year 1896-97 (including interest on the 4 1/2 p. c. bonds in the treasury on June 30, 1896) are estimated at \$3,133,471, against \$3,109,360 in 1894-95. V. 63, p. 315.

The steamship line was formally opened Sept. 7, 1893, and owns wharves at Newport News and six new steamers.

The Denver Extension bonds can be increased only for second track at \$10,000 per mile.

The collateral trust Nebraska extension bonds of 1887 (New England Trust Co., of Mass., trustee) are issued at \$20,000 per mile for single and \$10,000 per mile for second track on not exceeding 1,500 miles. Abstract of deed V. 45, p. 441.

Burlington & Missouri RR. in Nebraska consol. mortgage of 1873 is for \$14,000,000, and is now a 1st M. or 1st collateral lien; all except the \$5,000,000 of exempt bonds are subject to call for the sinking fund at par, \$203,800 having been retired in 1894. The "exempt" bonds may be called after 1909.

The 5 per cent debentures of 1890 and 1892 are convertible into stock, at any time prior to December 1, 1902, except when books are closed. See terms of conversion on page 3 of the SUPPLEMENT for Oct., 1896.

Many of the bonds are redeemable (may be drawn) before maturity at various prices, plus accrued interest, as stated in the table above.

GENERAL FINANCES.—The Chicago Burlington & Quincy Railroad has been one of the most profitable in the country, as its numerous branches tributary to the main line were built into choice agricultural territory. Corn, however, being one of the principal articles carried by it, its earnings vary greatly according to the size of the crop.

The company's sinking funds have received to Jan. 1, 1896, over \$16,000,000. With this money about \$7,000,000 of the company's bonds have been canceled, while the remainder of the cash not so used has been invested for the benefit of the several sinking fund loans in bonds that are held alive drawing interest and are therefore included in the company's outstanding debt. In 1896 the aggregate sinking fund income was close to \$1,250,000, of which about \$700,000 is the amount carried direct to the sinking fund and the balance appears in the accounts merely as part interest on funded debt.

The outstanding debentures aggregate \$31,910,900; of this amount \$9,000,000 was used to purchase the Hannibal & St. Joseph, from which a good income is received (see that company), while \$7,617,000 was used to buy other stocks and \$15,293,900 for improvements, additions, etc.

As unencumbered assets, on the other hand, the company owns besides the \$14,244,900 Hannibal & St. Joseph stock above mentioned, a large amount of stocks and bonds, a list of the same being in V. 63 on pages 779 and 877. The road owned unencumbered and the roads whose bonds are all owned were in 1896, as follows:

Miles.	
Northern Extension, Alliance, Neb., to Billings, Mont., and branches	621
St. Louis Keokuk & N. W., (all but \$15,394,000 bonds owned and unpaid) . . .	628

Other lines of moderate earning capacity (Ch. Burl. & Q. C., etc.) securities: all or nearly all owned and unpaid	595

An article covering fully the above points was in V. 63, p. 775. In 1896 \$2,247,000 consol. 7s were issued. In 1896 were paid: Plain bonds \$647,500, Jan. 1; Quincy Alton & St. L. first 5s \$40,000, Feb. 1; Omaha & S. W. first 6s \$669,000, June 1, and Nebraska Ky. 7s \$349,000, Oct. 1.

The following bonds are convertible into preferred stock at any time within ten days after a dividend shall have been declared and become payable on the preferred: Iowa & Minnesota 7s, due 1897, Prairie du Chien 2ds, Iowa & Dakota 7s, Iowa & Dakota Extension 7s, River Division 7s, Chicago & Milwaukee 7s of 1903, Hasting & Dakota 7s of 1903 and Ch. Mil. & St. P. consols of 1875. The consols of 1874 also are convertible into preferred within 15 days after dividend day. The convertible bonds were fully described in SUPPLEMENT for Mar. '93, p. 2.

Chicago & Pacific Western Division 1st 5s were issued at \$20,000 per mile for road, with additional amounts for equipment and bridges; no further bonds can be issued. The mortgage covers the following miles of road: Farley, Ia., to Kansas City, Mo., 341 miles; Marion, Ia., to Council Bluffs, Ia., 262 miles; Astor, Ia., to Aberdeen, North Dak., 352 miles; branches 162 miles; total, 1,117 miles.

Terminal fee per cent bonds of 1884 cover terminal property of several hundred acres in Chicago and Milwaukee.

The "income" bonds of 1886 are convertible into common stock within 60 days after any dividend day, and have a sinking fund of 4 per cent, \$80,000 worth of them being drawn for payment yearly at 105 if not obtained for less.

The general mortgage of 1889 (see abstract in V. 48, p. 830) is for \$150,000,000, to the United States Trust Co., of New York, as trustee, and covers the entire railway property and franchises of the company (therein described) subject to prior liens as below mentioned. The prior lien bonds cannot be extended, but will be paid off at maturity.

On July 1, 1896, the following amounts of general mortgage bonds had been issued or were reserved for the purpose indicated, viz:—

Listed on New York Stock Exchange	\$19,010,000
Unlisted and in treasury of the company	3,163,000
Total given as outstanding	\$22,173,000
Reserved for prior liens	109,742,000
Originally reserved for prior liens, which have since been converted into pref. stock. Will eventually become available for improvements. (See also below)	8,310,000
Available for improvements, etc. (see also below)	9,775,000

Total authorized

The \$21,411,000 outstanding include \$6,000,000 issued to pay for 178 miles of sundry small branches on which the general mortgage is a first lien, and to retire the \$2,500,000 first mortgage bonds of Chicago Evanston & Lake Superior Ry., a Chicago suburban road; also \$3,983,200 issued to replace prior bonds paid and cancelled.

The \$9,775,000 "available for improvements, etc.," of bonds above mentioned are applicable for premiums paid in retiring or refunding convertible and other prior lien bonds bearing a higher rate of interest than 4 p. c., for cost of branches, second and side tracks, real estate, bridges, rolling stock, equipment, etc. On July 1, 1896, of the prior lien bonds outstanding, \$24,933,500 (maturing 1897-1908) were convertible into preferred stock; if from time to time so converted they will set free a like amount of general 4s which, with the \$3,310,000 reserved against bonds already converted, will become available for improvements, additions, etc., as soon as the balance (\$9,775,000) of the amount originally reserved for improvements has been so expended. V. 48, p. 830; V. 50, p. 205.

GENERAL FINANCES, &c.—A considerable amount of the stock is held by parties also interested in the Chicago & Northwestern, so that the two roads are operated as a rule in harmony. Dividends on common stock were resumed in October, 1892. See "dividends" above.

N. Y. Stock Exchange in Oct., 1896, reports \$19,010,000 "generals" listed. The earnings since July 1, 1893, include the Milwaukee & Northern. Average freight train load in 1895-6 was 167 tons; rate per ton per mile, 1 cent.

Chicago & Northern Pacific RR.—ORGANIZATION, PROPERTY OWNED, ETC.—Organized in 1889 for the purpose of acquiring a terminal system of railroads in Chicago. It owns 749-47 acres, of which 65-54 acres are in the heart of the city, and 3,500 feet of docks fronting on the Chicago River between Harrison St. and Fifth Ave. It has in operation 42-58 miles of main line, of which 25-7 is double track, and 55-18 miles of spur and industry tracks. It also owns the Grand Central Passenger Station at Harrison and Fifth streets.

The Chicago & Calumet Terminal Ry., which is to be included in the reorganization (its \$5,000,000 of stock and \$6,000,000 of bonds being owned by the Northern Pacific), owns 33 miles of main track and 33 miles of side track, constituting a belt line located just outside the limits of Chicago. It has connection with almost every railroad entering the city and many important industries, and does obliquely a switching and transfer business between them. It has always been operated by the Chicago & Northern Pacific.—V. 62, p. 778.

RECEIVERSHIP.—Receivers were appointed Oct. 10, 1893. On July 1, 1895, possession of the property was surrendered by the Wisconsin Central Co. to A. Lawrence Hopkins, Receiver, and has been operated by him since that date. V. 61, p. 68.

SALE.—Purchased at foreclosure sale Nov. 17, 1896, for \$8,000,000 under mortgage of 1890 by the bondholders' committee. V. 63, p. 968.

RENTAL, ETC.—The Baltimore & Ohio, the Chicago Great Western and the receivers of the Wisconsin Central lines are tenants of the Chic. & N. P. and pay rentals, the former \$175,000 per year, the Chicago Great Western \$150,000 per year and the receivers of the Wisconsin Central lines \$144,000 per year, last mentioned on account subject to adjustment. Also derives income from suburban traffic.

The interest on the Chicago & Northern Pacific first mortgage bonds has not been paid since April 1, 1893. The interest on the underlying mortgage of the Chicago & Great Western and the interest on the purchase money of the School Board Mortgage has been paid regularly. The net earnings after payment of interest on these securities has been expended in improvements and liquidation of accounts due.

REORGANIZATION.—Bondholders' Committee consists of J. Edward Simmons, Chairman, Henry Budge, R. C. Martin, Simon Sterne, William Mertens, W. Alfred Butler, Jr. and Alfred B. Heidebach. In July, 1896, the U. S. Trust Company's receipts had been issued for 1st mortgage 5s deposited under this committee's agreement of Dec. 5, 1893, and had been listed on N. Y. Stock Exchange. (V. 58, p. 306.)

On Dec. 3, 1894, the committee submitted a general plan to which over 70 p.c. of the depositing bondholders assented within the required time, so that under the terms of the agreement the plan became operative as to all bonds deposited. In January, 1897, a detailed plan was expected shortly.

In April, 1896, a settlement was made with the Northern Pacific by which that company is to return the \$2,500,000 C. & N. P. bonds held by it (see V. 59, p. 651), and the C. & N. P. agrees to include the Chicago & Calumet Terminal in its reorganization plan, the Calumet securities being owned by the North'n Pac. The N. P. and the C. & N. P. agree to relinquish all claims against each other. V. 62, p. 725, 778. The Northern Pacific will deposit its \$20,000,000 of Ch. & N. P. stock under the plan, and for its Calumet securities will receive the same securities under the plan as \$5,000,000 Ch. & N. P. bonds receive.

HISTORY.—On Dec. 1, 1895, succeeded to the property of the old New York Lake Erie & Western R.R. Company, sold in foreclosure on Nov. 6 under its second consolidated mortgage. The new company holds in fee or through ownership of all or practically all the stock of the independent companies, the line from New York to Chicago (including the Nypno RR, and Chicago & Erie companies) and also all branch and subsidiary lines except a few small properties aggregating about 300 miles held under lease. The reorganization plan of August, 1895, was given at length in V. 61, p. 394. The assessments on the stock of the old N. Y. L. E. & W. and the N. Y. P. & O. aggregated \$10,765,498. In 1896 the New York & Greenwood Lake was leased per plan in V. 62, p. 233; V. 63, p. 189; the Avon Genesee & Mt. Morris per plan in V. 62, p. 319, and control of the New Jersey & New York was purchased, (see V. 62, p. 63) in all 87 miles of road.

COAL AND STEAMBOAT PROPERTY.—The Erie coal properties represent an aggregate of 10,500 acres of anthracite, of which about 9,000 acres are held in fee; also 53,000 acres of bituminous coal lands held in fee 14,000 acres of bituminous held under mineral rights. Its coal tonnage in the year 1893-94 aggregated 9,110,258 out of the 15,245,277 tons hauled. The Union Steamboat Company has its terminal and other properties in Buffalo and a fleet of five lake steamers. See V. 63, p. 514.

STOCK.—The stock is to be held by J. Pierpont Morgan, Louis Fitzgerald and Charles Tennaui, Bart., voting trustees, for five years, and thereafter until the new first preferred stock shall have received 4 per cent cash dividend in one year. In the meanwhile certificates of beneficial interest are outstanding. The new company reserves the right to redeem either class of its preferred stock at par in cash.

BONDS.—New York & Erie first 7s for \$2,492,000, due May 1, 1897, are to be extended for 50 years at 4 p. c., payable p. & l. in gold. V. 64, p. 180. The new first consolidated mortgage is for \$175,000,000 [Farmers' Loan & Trust Co. trustee]—see abstract of deed V. 62, p. 86 and secures \$35,000,000 prior lien bonds and \$140,000,000 general lien bonds. Of the \$35,000,000 prior lien bonds, \$5,000,000 are to be used for improvements.

Of the \$140,000,000 general lien bonds, \$91,908,000 are reserved for the ultimate acquisition of all bonds and guaranteed stocks now left undisturbed on various parts of the system (excepting the \$1,000,000 seconds on Buffalo & Southwestern—see list V. 62, p. 89), and \$17,000,000 are reserved for new construction, betterments, additions, etc., after 1897, under carefully guarded restrictions, not over \$1,000,000 to be used in any one year. The general lien bonds bear interest from July 1, 1896, first coupon to mature January 1, 1897, at 3 per cent per annum for two years and 4 per cent thereafter.

The position of the first consolidated mortgage is substantially as follows: It is a first lien, either by mortgage or collateral trust (the prior lien bonds, however, preceding the general lien bonds) upon the company's principal coal properties, upon its water transportation lines, including valuable terminal properties appurtenant thereto, and upon a number of profitable local lines in New Jersey and near Buffalo; it is a second lien upon the remaining coal properties and upon the railroads leading to all the coal properties, upon the terminals at Jersey City, upon the Buffalo New York & Erie Railroad (the main line to Buffalo) and the Buffalo terminal properties other than those upon which it is first lien, and upon the entire line from Salamanca to Chicago; it is a second consolidated mortgage upon the lines of the original Erie Ry. between Piermont and Dunkirk (446 miles).

Old Bonds.—Under the first consol. mortgage of 1895 the company covenants to pay the interest regularly on all the old bonds in the table that are marked with a * or a; (except N. J. & N. Y. bonds, and to take them up and pledge them with the trustee at maturity.

A description of the Long Dock 6s was in March, 1891, SUPPLEMENT under N. Y. L. E. & W. The yearly rental is \$450,000.

For N. Y. Lake Erie & W. Coal & RR., see SUPPLEMENT January, 1895.

UNDISTURBED STOCK AND BONDS.—As said above, \$92,003,000 of the new general lien bonds were reserved for the sole purpose of retiring at or before maturity all underlying bonds and bonds of leased and subsidiary companies, and practically all the guaranteed stocks. A summary of all such undisturbed securities is given in the tables next following. To take up the following bonds and preferred stocks, general lien bonds for \$31,000,000 are held in escrow:

To purchase the following stocks now owned by the company (and also \$70,000 Buf. N. Y. & Erie and \$400 Snap. Br. & Erie June stock since purchased), the remaining \$8,003,000 of bonds were reserved:

Table listing stocks to be purchased: Buff. Head. & Pitts., Cleve. & Mah. Val. 12 1/4, Elmira State Line, Goshen & Deckertown, Mid. & Crawford, N. Castle & Shen. Val., Mont. & Erie, N. Castle & Shen. Val., Roch. & Gen. Valley, Sharon, Tiooga & Jefferson R.R.

FIXED CHARGES.—The fixed charges of the Erie system (calculated on all bonds which will be outstanding on completion of the reorganization) are reduced from \$9,400,000 to \$7,800,000 per annum (including prior lien bonds \$1,176,000; undistributed bonds and stock \$5,500,000; general lien bonds, \$1,194,000) and for the first two years after reorganization a further reduction of about \$100,000 per annum is made to an amount nearly equalled by the net earnings of the property in 1893-94. Furthermore in the new fixed charge is included the interest on a large sum of money intended to be spent immediately after reorganization in improving and adding to the property. This should enable the company to enlarge its business and it is thought to result in a transaction with greater economy.

GENERAL FINANCES.—The reorganization provided a fund of \$25,015,600 to be used as follows: To pay floating debt, \$11,500,000; to pay collateral trust bonds, \$3,673,000; to pay prior lien bonds, \$2,500,000; early construction requirements (system) and expenses, \$5,337,298, car trusts for three years, \$2,000,000. The old company was greatly hindered by lack of capital, but this is remedied by the bond issues allowed under the new mortgage. Tiooga RR. third-rail mortgage bonds for \$125,000 which matured Nov. 1, 1896, were purchased by the Erie and held in its treasury. New York & Erie first 7s, due May 1, 1897, are to be extended for 50 years at 4 p. c. V. 64, p. 180. HISTORY, STOCK, LEASES, ETC.—This corporation in February, 1890 leased the St. Paul Minneapolis & Manitoba for 999 years, assuming its funded debt and guaranteeing 6 per cent per annum in gold on its \$20,000,000 stock. The Great Northern's authorized capital was \$40,000,000. Of which \$20,000,000 preferred 6 per cent non-cumulative was offered to Manitoba stockholders at 50, the remaining 50 per cent being paid by a transfer to the Great Northern of all the securities owned by the Manitoba Company, amounting to over \$22,000,000; subsequently \$5,000,000 of preferred was issued. The securities acquired by the Great Northern have been placed in trust to secure the unity of the system. (See V. 49, p. 435; V. 50, p. 205.) The preferred stock can be increased with the consent of three fourths the pref. outstanding.

STOCK.—In 1893 \$5,000,000 preferred stock was sold to pay for equipment, terminals, etc. See V. 56, p. 753.

LANDS.—St. P. Min. & Man. land grant was 3,848,000 acres. Land sales are applied to the redemption of 1st mort. bonds at or under 105.

Minneapolis & St. Cloud grant was 476,864 acres; unsold July 1, 1896, 409,951 acres; sales in 1895-96 were 1,934 acres for \$12,160.

BONDS.—In 1892 the Great Northern issued its collateral trust bonds for \$15,000,000, secured by deposit with the trustee of \$3,000,000 Pacific Extension 4s of the St. Paul Minn. & Manitoba Ry. Co. V. 54, p. 525.

The St. Paul Min. & Man. consol. mort. of 1883 is for \$50,000,000, of which bonds are reserved to pay prior liens. The mortgage on Montana Extension is for \$25,000,000 for extensions, \$15,000 per mile being allowed for second track; bonds for \$11,502,000 secured by this mortgage, additional to amount in table, are deposited as part security for Pacific extension bonds. Abstract V. 45, p. 342.

Pacific extension mortgage for \$6,000,000 (trustee of mortgage Central Trust Company of New York), provides for bonds at \$6,000 per mile in Montana and \$7,000 per mile west of Montana; \$3,000,000 of this issue, in addition to those given in the table above, are pledged to secure the Great Northern's collateral trust bonds. See abstract of mortgage. V. 52, p. 82.

Eastern Railway of Minnesota runs from Hinckley northward 70 miles, to a point near Duluth; the mortgage covers road, equipment, terminals and elevators. Montana Central bonds cover several roads (See adv. CHRON. Dec. 12, 1891.) The Manitoba guarantees both these issues, and the Great Northern assumes the guaranty.

The Willmar & Sioux Falls bonds are endorsed with joint and several guaranty of the Manitoba and Great Northern companies. Further issues may be made at \$17,500 p. m. for additional road. V. 56, p. 247.

Minneapolis Western first mortgage is for \$1,000,000 and covers the property and equipment of that company. The bonds are unconditionally guaranteed by the St. P. M. & M. and the Gt. Nor. V. 60, p. 835.

GENERAL FINANCES.—The earnings of the company from June 18, 1893, include the Pacific Extension, 819 miles.

As to new steamship lines to Japan see V. 63, p. 153, 189, 402; V. 59, p. 152, 191. In year 1895-96 the Great Northern received \$400,000 (being 8 p. c.) in dividends on Eastern Ry. of Minn. stock.

The strength of the company is largely due to low grades and the consequent large train loads (in 1895-96 averaging 256 tons); rate per ton mile .976 of a cent.

EARNINGS.—For calendar year 1896 gross, \$19,632,093, against \$18,126,386 in 1895.

ANNUAL REPORT.—Fiscal year ends June 30. Annual meeting is held at St. Paul on the second Thursday in September. The annual report for 1895-96 was published in full in V. 63, p. 498, 505. See also editorial, p. 480.

Coal Co. in Nov., 1896, had outstanding first 6s due 1912, M. & S., for \$195,000 and 2d mtg. 5s for \$525,000; the latter bonds are pledged under the coal trust.

Trust Co., trustee) are an absolute first mortgage on the extensive terminal property obtained from the Hudson River RR. & Terminal Co. and on all improvements to be made thereon. They thus cover 3 miles of road, of which about one-third is a double-track tunnel under the Passaic, completed in May, 1894. See V. 53, p. 966, and 62 acres of terminal property on the Hudson, opposite 96th St., N. Y. City. See abstract of mort. V. 57, p. 512. HISTORY.—This Wisconsin company on Sept. 1, 1896, succeeded to the railroads, land grant and other property of the Northern Pacific RR., which was sold in foreclosure in July, 1896, under the second, third and consolidated mortgages, and was reorganized with the co-operation of J. P. Morgan & Co., the Deutsche Bank and Drexel & Co. per plan in the CHRONICLE of March 21, 1896, p. 550.

In the reorganization the \$49,000,000 old common stock paying assessment of 15 per cent received 100 per cent of new common. The \$35,000,000 old preferred paying assessment of 10 per cent received 50 per cent in new common and the same of new preferred.

As to the company's charter, see V. 63, p. 1071. The St. Paul & Northern Pacific, previously controlled by stock, was merged in December, 1896, and is now owned in fee.

The original Northern Pacific Company was chartered by Congress July 6, 1864, and its road, opened 450 miles to Bismarck, was fore-

closed in 1875. An outlet to Chicago was acquired in 1890 through lease of the Wisconsin Central and ownership of the Chicago & Northern Pacific (see these companies), but this was relinquished by the receivers (Sept. 25, 1893), and permanently abandoned in the reorganization of 1896. The Northern Pacific will, however, when the reorganization of the Chicago & N. P. is effected, receive for its interest in the Chicago properties certain securities, as stated under Ch. & N. P. and in V. 62, p. 725, 778. Beside the Chicago lines, the only parts of the system not included in the reorganization are the Seattle Lake Shore & Eastern and the Central Washington—see these companies.

VOTING TRUST.—Both classes of stock (except sufficient to qualify directors) are vested until Nov. 1, 1901 (unless surrendered earlier at their discretion) in following voting trustees: J. Pierpont Morgan, Georg Siemens, August Belmont, Johnston Livingston, Charles Lanier.

STOCK.—The new preferred stock is subject to call in whole or in part, at par, upon any first day of January prior to 1917.

Additional preferred stock and other mortgages can be issued only with consent of a majority of the preferred and of the common stock represented at a special meeting. Preferred stock is "entitled to non-cum. dividends to the extent of 4 per cent per annum, payable quarterly out of surplus net earnings in each fiscal year before any dividends for such year shall be paid on the common stock." In any fiscal year in which 4 per cent dividends shall have been declared on both preferred and common stock, all shares, whether preferred or common, shall participate equally in any further dividends for such year. Dividends upon stock registered in Berlin may be collected there at the rate of 4:20 marks per dollar.—See also V. 63, p. 1071.

BONDS.—Abstracts of the new Prior Lien and General Lien mortgages of 1896 (the General Lien mortgage being in all respects subject to the other) were in V. 63, p. 1012-1019, and the statement to the New York Stock Exchange, was in V. 63, p. 1072, showing:

Table with columns: Description of bond, Amount. Rows include Prior lien 100-year gold 4 per cents secured by mortgage to the Mercantile Trust Co., General lien gold 3 per cents (Farmers' Loan & Trust Co., mortgage trustee), etc.

Prior lien bonds, as shown above, are reserved to retire the present divisional bonds. When these shall have been retired, the prior lien bonds, by direct mortgage, or through ownership of securities, will be the first mortgage on 4,326 miles. At present (through the ownership of substantially all the securities) they are virtually a first lien on 1,987 miles. Furthermore, as the prior bonds hold \$24,000,000 out of \$40,732,000 of the Northern Pacific Railroad general first mortgage bonds, they now represent more than 24-40ths of the first lien on 2,157 miles additional, and on the mortgaged land grant, subject only to \$1,776,000 Missouri division bonds. It is expected at an early date to retire these Missouri division bonds. Sinking fund operations, it is believed, will rapidly retire the outstanding \$16,142,590 general first mortgage bonds.

The proceeds of the lands when applicable to the prior lien and general lien mortgage bonds are to be applied one-half (but not in any one year exceeding \$500,000) to the purchase and cancellation of prior lien 4 per cent bonds, if same can be purchased at 110 per cent or less, and the other half of the proceeds is to be applied, under carefully guarded restrictions as set forth in the mortgages, for betterments, construction and additions to the property pledged. When over prior lien bonds cannot be purchased at 110 per cent the unapplied land proceeds for that year are to be used for the purchase and cancellation of general lien 3 per cent bonds at not exceeding 100 per cent.

No additional bonds can be issued under the old mortgages assumed, nor can said bonds be extended.

An abstract of the general first mortgage of 1881 was in V. 53, p. 903. The sinking fund under this mortgage must receive yearly an amount equal to at least one per cent of entire issue, but the proceeds of land sales to whatever amount received are applicable to the redemption of the bonds at 110.

EXCHANGE OF SECURITIES.—For rate of exchange of the various old securities disturbed for new securities, see previous SUPPLEMENTS.

Subscribers will confer a great favor by giving immediate notice of any error discovered in these Tables.

Reading Company—Philadelphia & Reading Ry.—(See Map.)—The "Reading Company" owns no road in fee, but through ownership of the entire capital stock of the Philadelphia & Reading Ry. and the Phila. & Reading Coal & Iron Co., it controls all the property heretofore controlled by the Philadelphia & Reading RR. Co.

The Philadelphia & Reading Ry. operates in connection with the great anthracite coal properties of the Philadelphia & Reading Coal & Iron Co. in the Schuylkill region, Pennsylvania, a large system of roads centering at Philadelphia and extending thence westerly through the coal fields to Hazleton and Williamsport on the north and Harrisburg, Shippensburg and Gettysburg, in Pennsylvania, on the south, also easterly in New Jersey to Atlantic City, the summer resort on the Atlantic Ocean, and to tidewater at Port Reading on New York harbor. The system comprises:

Table with columns: Lines owned in fee, Miles, Philadelphia Germantown & Norristown RR., etc., Branches, Reading to Harrisburg, Pa., Lebanon to Brookside, Pa., etc., Lines leased (See each Co.), Colebrookdale RR., Pottsville Valley RR., etc.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4, 1853) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23, 1896, under the general mortgage of 1889 and at receivers' sale, and their finances reorganized per plan in V. 61, p. 1100.

As the present laws of Pennsylvania forbid a railroad company to hold over 30,000 acres of coal land, it has been necessary to reorganize under the charter of the old Excelsior Enterprise Co., which antedates the State Constitution of 1871. The name of the Excelsior Co. has been changed to "Reading Company," which company owns the \$20,000,000 stock and \$20,000,000 bonds of the Philadelphia & Reading Ry. and the \$4,000,000 stock of the Coal & Iron Co. and against them issues its own securities. See V. 63, p. 923, 1139; V. 61, p. 84. The Railway Company took possession of the road Dec. 1, 1896. In the reorganization the 41 millions of old stock and the 563

millions of old preference income bonds were assessed 20 per cent, the stock then receiving 100 per cent in new common and the preference incomes, common and preferred stock in certain proportions.

The old company had previously been in receivers' hands from May, 1890, to February, 1893, also from June, 1884, to Jan., 1893, when it was reorganized without foreclosure per plan in V. 43, p. 747. The leases of the Lehigh Valley and Central Rts. of N. J., taken early in 1892, were terminated in August, 1893, and 1892, respectively.

VOTING TRUST.—All classes of stock of the new company are to be held by voting trustees (J. Pierpont Morgan, Frederic P. Olcott and one other) for five years, and thereafter until 4 per cent cash dividend per annum shall be paid on the first preferred stock for two consecutive years, though the trustees may in their discretion surrender the stock at an earlier date.

STOCK CONVERSION AND OTHER PROVISIONS.—After dividends at the rate of 4 per cent per annum for two successive years on the first preferred stock, the second preferred at the new company's option may be converted at par—one-half into first preferred stock and one-half into common stock. No additional mortgage shall be put upon the property, nor the amount of the preferred stock authorized be increased, except by vote of the common stock and with the consent of the holders of a majority of the whole amount of each class of preferred stock as regards a new mortgage or new first preferred, or of the second preferred stock, as regards an increase of that stock.

EXCHANGE OF SECURITIES.—Holders of old securities for the principal of their holdings will receive, on payment of assessments (all now called) the following:

Table with columns: Holders of—, Pay assess't, New gen. 1st pref. 2d pref. Com. stk. Tr. certifi.

BONDS.—The New General Mortgage 4s (first interest payment July 1, 1896) are secured by mortgage and pledge of all properties and securities embraced in the reorganization, and also all other property acquired thereafter by use of the new bonds. They will have a sinking fund out of the revenues from the Coal & Iron Company, but are not subject to compulsory redemption prior to maturity. The new mortgage is also, subject only to the bonds for which reservation is made, based upon proportion or securities of all the lines of railroad owned, 327 miles; various leasehold lines, 532 miles; all the property of the Coal & Iron Company, or the securities thereof, representing nearly 200,000 acres of coal and timber land; equipment valued at about \$10,000,000, previously subject to about \$7,300,000 of car trust obligations, which are to be acquired under the plan, and also the marine equipment.

Furthermore, it has a first lien upon a majority of the capital stock of various companies in the system owning 449 miles of railroad, of which 193 miles are leasehold lines included in the 552 miles above stated. The securities thus pledged were mostly held under the collateral trust mortgage of 1892, the redemption of which was provided for in the reorganization. The securities are said to have earned in 1891-95 an income of \$583,000, of which \$448,000 was actually received by the company in the way of dividends—see list of these securities and other facts in V. 59, p. 794; V. 61, p. 1111. The new mortgage is for \$114,000,000 and it may also, if deemed desirable, secure an additional \$21,000,000, of which for P. & R. Terminal bonds, \$4,500,000, and for P. & R. Coal & Iron bonds, \$12,500,000. The \$114,000,000 bonds were to be issued or reserved as follows:

Table with columns: For future construction, equipment, etc., at not over \$1,500,000 per annum under stringent provisions, Immediate exchange for old general mortgage bonds, For delivery to syndicate, Contingencies.

The terminal mortgage bonds are the Reading's own bonds, and are secured by a mortgage upon all the property of the Terminal Co. and by a traffic contract between Reading and the Terminal Co. The trustee is the Provident Life & Trust Co. of Phila. Amount authorized, \$8,500,000. See description in V. 64, p. 85.

For ten-year sinking fund loan see January, 1895, SUPPLEMENT. The coal trust certificates under the agreement of May, 1895, are not redeemable until April, 1904—see particulars V. 63, p. 838. See also Jan., 1895, SUPPLEMENT.

Delaware River Terminal sinking fund was organized in 1895 and is to amount to \$400,000 in 20 years. See V. 60, p. 969; V. 64, p. 85.

As to Philadelphia Subway Loan the receivers were authorized in June, 1894, to pay interest (and principal at maturity) of not exceeding \$3,000,000 out of a total issue of \$6,000,000 of 3½ per cent bonds of City of Philadelphia, to abolish grade crossings. The amount outstanding will be increased to this figure on completion of the subway. Principal is payable after ten years from date of loan in 20 annual instalments. See V. 53 p. 1110; V. 62, p. 930; V. 63, p. 891.

COAL PROPERTIES.—The Company owns all the stock (\$8,000,000) of the Philadelphia & Reading Coal & Iron Co. The estates of the coal company aggregate upwards of 194,000 acres, classified as follows:

GENERAL FINANCES.—Under the plan of reorganization the annual fixed charges of the reorganized system were to be \$9,317,173—a decrease compared with the old fixed charges of \$717,000. A further reduction of nearly \$500,000 per annum will also be effected almost immediately through the refunding at 4 to 4 1/2 per cent of some \$20,000,000 6 per cent and 7 per cent bonds shortly to mature, and the extension already effected at 4 per cent of \$1,500,000 North Pennsylvania 7 per cents. An additional reduction of \$215,000 has been accomplished through readjustment of old leases (Catawissa RR, etc., V. 63, p. 1011, 1118, 1159), and a further reduction will be secured through pending negotiations with Delaware River Terminal Extension bonds—see V. 61, p. 85.

Cash Requirements.—The new company starts without floating debt, and will be relieved from the embarrassment of car trusts and the lack of working capital. The assessments will yield \$20,862,289 and the syndicate will contribute \$7,300,000—\$28,162,289 in all—to be applied as follows: Floating debt, \$3,800,000; receivers' certifi- \$3,800,000; car trusts and equipment notes, \$7,300,000; interest on general mortgage and payment of equitable interest certificates, \$6,250,000; arrears of sinking funds on divisional coal mortgages, \$2,000,000; reorganization, etc., expenses, \$2,000,000. The balance, about \$3,000,000, will be used for the purposes of the new company.

LATEST EARNINGS.—For 11 months ending Oct. 31 results were as below: The combined results of the railroad and coal companies, it will be seen, were a deficit in 1895-96 of \$1,920,689, against a deficit of \$1,703,174 in 1894-95.—V. 63, p. 1041.

ORGANIZATION.—Organized June 30, 1893, to succeed to the property and franchises of the Railway company so id in foreclosure and reorganized per plan in V. 62, p. 829 and 1140—see also p. 742. The new company elected not to assume the contracts of the old corporation relating to the Atlantic & Pacific nor to take the stock and leases of the St. Louis Salem & Arkansas, St. Louis Kansas & Southwestern, Kansas Midland and Arkansas City & Southwestern. See V. 63, p. 30; V. 62, p. 137, 187. The St. Louis Salem & Arkansas bondholders, however, accepted the terms offered in the reorganization (V. 62, p. 1140), and nearly all of the K. C. & Southwestern bonds were acquired (per offer in V. 63, p. 661), and road purchased at foreclosure sale Dec. 19, 1896.—V. 63, p. 1160.

STOCK AND VOTING TRUST.—As protection to the new mortgage bonds, all classes of stock (except shares to qualify directors) are vested in the following voting trust: John A. Stewart, Louis Fitzgerald, J. Kennedy Tod, Isaac N. Seligman, Benjamin P. Cheney, Samuel C. Eastman and James A. Binlr, to be held by them and their successors jointly for five years, and for such further period (if any) as shall elapse before the first preferred stock shall have received a 4 per cent cash dividend for two consecutive years, although the voting trustees may, in their discretion, deliver the stock at any earlier date, but not in any event prior to Jan. 1, 1902, save with the consent of the holders of at least two-thirds in amount of the beneficial interest certificates of each class. Voting trust is dated July 1, 1896.

No additional mortgage can be put upon the property, nor the amount of the first preferred stock authorized be increased except with the consent, in each instance, of the holders of a majority of the whole amount of each class of preferred stock and of a majority of such part of the common stock as shall be represented at a meeting; also the amount of second preferred stock can not be increased except with like consent by the holders of a majority thereof, and a majority of such part of common stock as shall be represented at the meeting.

The new company may reserve the right at any time to redeem either or both classes of its preferred stock at par in cash.

BONDS.—The consolidated mortgage (trustees, Mercantile Trust Co., N. Y., and Paschal P. Carr, of St. Louis) for \$50,000,000 (abstract to V. 64, p. 186), is secured upon all properties and securities embraced in the reorganization and also all other property hereafter acquired by use of any of the new bonds. Enough new bonds at the rate of 80 per cent (approximately \$39,072,000) are reserved for the retirement of all outstanding undisturbed issues. The bonds not required for reorganization will be reserved for betterments, equipment, etc., to an extent of not exceeding \$300,000 in any one year. No compulsory redemption of the new bonds can be made prior to their maturity. Fixed charges of the new company, including branch lines to be acquired, will be about \$2,050,000.—See V. 64, p. 182.

GENERAL FINANCES.—By reorganization the fixed charges were reduced from \$2,531,674 to \$1,994,330, exclusive of the interest upon bonds which may hereafter be issued to acquire \$4,032,000 branch line bonds. The plan provided for the payment of all old trusts, and the new company starts with no debt other than the funded debt as stated above, and with ample provision for future improvements by the reservation of bonds for this purpose.

ORGANIZATION, ETC.—A reorganization in 1894 of the old Richmond & West Pt. Ter. Railway & Warehouse system. The reorganization plan presented in May, 1893, was given in full in V. 56, p. 858, 874, and certain changes thereof in pp. 1016, 1058, and V. 57, p. 61. The modified plan of Feb. 20, 1894, was given in full in V. 58, p. 363, 385.

In 1895 control was acquired of the Asheville & Spartanburg and the Alabama Great Southern (see those companies and V. 60, p. 433, 1148; V. 61, p. 26), and also a large interest in the Georgia Southern & Florida (see V. 61, p. 113, 375; V. 63, p. 361). An agreement was likewise made with the Cincinnati Hamilton & Dayton for interchange of traffic with the Cincinnati New Orleans & Texas Pacific (see V. 61, p. 375), and proposition made to purchase the Cincinnati Southern (operated by C. N. O. & T. P.), but this was rejected—see V. 63, p. 361. Georgia Midland Ry. (98 miles) was leased in June, 1896, for 99 years.—V. 63, p. 361.

STOCK.—Authorized about \$125,000,000 common and \$60,000,000 five per cent non-cumulative preferred stock. No additional mortgage can be put upon the property, nor can the amount of the preferred stock be increased without the consent of holders of a majority of the preferred. The preferred stock is redeemable in cash at par.

Both classes of stock of the new company (except sufficient to qualify directors) are deposited with three stock trustees. The stock shall be held by the stock trustees and their successors, jointly till July 1, 1899, and for such further period (if any) as shall elapse before the preferred stock shall have paid five per cent cash dividend in one year, although the stock trustees may, in their discretion, deliver the stock at an earlier date. Certificates of beneficial interest, entitling the holder to dividends, are issued in lieu of the stock so deposited. Stock trustees are J. Pierpont Morgan, Charles Lanier and George F. Baker.

DIVIDENDS.—On preferred in 1897, Jan., 1 per cent.—V. 63, p. 1011.

BONDS.—The new first consolidated mortgage, Central Trust Co., N. Y., trustee (see abstract in V. 59, p. 783), is secured by mortgage and pledge of all the property of the company. The total authorized issue is \$120,000,000 of 5 p. c. gold bonds, as follows:

Issuable only to prior bonds (see V. 59, p. 785) 69,124,700

Union Pacific Railway.—Lines owned directly.—Main line (former Union Pacific Railroad) Council Bluffs to Ogden and branches, 1,039 miles; former Kansas Pacific Railway, Kansas City to Denver, 643 miles, and Leavenworth to Lawrence, 34 miles; former Denver Pacific R'y, Denver to Cheyenne, 106 miles; total owned, 1,822 miles. The "Union Pacific System" on January 1, 1896, comprised 4,904 miles (same as in 1895), against 7,691 miles in 1894, the Denver L. & G., Ore. Ry. & Nav., Un. Pac. D. & G. and Ft. These properties, having securities of their own held by the public, are separately described in this SUPPLEMENT.

Also controlled the Central Branch Union Pacific and leased lines (389 miles) which are operated by the Missouri Pacific under an agreement with Union Pacific for twenty-five years from 1885. Also owns jointly with other companies Montana Union, 72 miles. Grand total, including one-half Montana Union was 5,328 miles on Jan. 1, 1896, against 3,167 miles in 1894.

In July, 1896, the Oregon Short Line, St. Joseph & Grand Island and Kansas City & Omaha, included above (1,872 miles in all), were being separately organized, and appeared likely to pass permanently out of the system.

HISTORY, &c.—This Railway company was formed by consolidation Jan. 24, 1880, of Union Pacific RR. and Kansas Pacific and Denver Pacific. The Union Pacific RR. was chartered July 1, 1862.

The Kansas Pacific was organized as "Leavenworth Pawnee & Western" in 1861; then changed to "Union Pacific, Eastern Division," June 6, 1863, and to "Kansas Pacific" on March 3, 1869. The line connecting the Kansas Pacific with the Union Pacific was constructed by the Kansas Pacific under a charter dated Nov. 19, 1867, and was opened Jan. 1, 1871. The Kansas Pacific Eastern Div. and the Middle Div. bonds are designated on the bonds Union Pacific Eastern Div., that being the corporate title of road in 1865-66 when bonds were issued.

RECEIVERSHIP.—President S. H. H. Clark, Oliver W. Mink and E. Ellery Anderson were appointed receivers October 13, 1893, (V. 57 p. 639). In November Frederic R. Coudert and J. W. Doane appointed additional receivers. New York office, 27 William Street.

organization committee for the foreclosure sale of this property under both the first mortgage and the Government lien, a syndicate guaranteeing to the Government a minimum price of \$15,754,000. This is, together with \$20,629,080 heretofore paid by the company by transportation and cash, equivalent to the principal of the subsidy bonds with interest at 3 1/2 per cent from their issue. The Government's relations to the property will be terminated at the foreclosure sale.

Representatives of the Government have been admitted as parties to the foreclosure suit and the reorganization committee has deposited \$4,500,000 with the United States Trust Co., being 10 per cent of the amount guaranteed the Government. While the minimum bid is fixed at \$45,754,000 there is deduction from this, sinking bonds (see "debt to U. S." below), etc., are reducing the actual net money to be paid to about \$29,691,336. See CHRONICLE of Jan. 30, 1897.

REORGANIZATION PLAN.—The plan, V. 61, p. 704, issued in October, 1895, by the following committee: Louis Fitzgerald, Marvin Hughitt, Chauncey M. Depew, Jacob H. Schiff, Oliver Ames, 2d, and T. Jefferson Coolidge, Jr., provides for the formation of a new company, and for the liquidation of the securities below mentioned. In October, 1896, the committee held 80 per cent of all the bonds afloat and about 94 per cent of all the outstanding stock. V. 62, p. 492.

On Jan. 26, 1897, the committee announced that having made the arrangement above stated for foreclosure, they would proceed promptly with reorganization. No material change in the plan, they say, appears necessary, though they may decide to reduce the allotment of 1st mortgage 4s and increase the allotment of preferred stock to be made to the Kansas Pacific consols and the Union Pacific sinking fund 5s in order that the total issue under the new first mortgage may be reduced to \$75,000,000. The plan will be declared operative as soon as it is certain that foreclosure will create no conditions not now prevailing. See CHRONICLE of Jan. 30, 1897.

DEPOSITORIES.—The Mercantile Trust Co. of New York, Old Colony Trust Co. of Boston, Bank of Montreal of London; Amsterdamsche Bank of Amsterdam; Deutsche Vereinbank of Frankfurt-on-Main.

ADJUSTMENT OF INTEREST.—Interest in default on and to Jan. 1, 1897, on U. P. 1st 6s and all K. P. 1st 6s to be paid in cash as it matures; the difference in rate (2 per cent) between old bond surrendered and new bond is to be adjusted to the maturity of the old bond by a cash payment at the time the new bonds are issued. Defaulted interest on K. P. consols. receives 20 per cent in new preferred.

UNDERSUBSCRIBED SYNDICATE.—A syndicate will furnish the sum of \$10,000,000 for purchase of coupons, etc., and they may be called upon if necessary to increase the amount to \$15,000,000. Another syndicate, of the same personnel, is stated, as the last, guarantees the minimum bid of \$15,754,000 to the Government.

DEBT LEADERS AND GUANTIES.—See separate statement for this Co.

DEBT ESTIMATION COMMITTEE consists of H. L. Thornell, G. J. Wetziar, and R. C. Martin. V. 60, p. 523.

OTHER COMMITTEES.—See the several statements in this SUPPLEMENT for the subsidiary roads, Oregon Short Line, etc.

DEBT TO U. S.—Interest on the U. S. loans is not obligatory till the principal is due, but the Thurman act of May, 1878, provides that 25 per cent of the net earnings after deducting interest on the first mortgage bonds and construction and equipment expenditures shall be applied annually to interest and sinking fund.

TOTAL UN. PAC. DEBT TO U. S. was thus stated Jan. 1, 1897. Principal, \$27,236,512; interest accrued and not paid, \$987,495; interest paid by United States, \$46,094,744; repaid by Union Pacific, \$16,130,078; balance of interest paid by U. S., \$20,964,666. On Kansas Pacific there was due for principal, \$6,303,000; interest, \$6,478,010. Total debt, principal and interest, less sinking fund, amounted in 1893 to about \$52,000,000, maturing in 1895-99. V. 57, p. 566.

On January 1, 1897, the sinking fund for U. P. debt invested in RR. and U. S. bonds (par value) was \$15,215,250, and the cash uninvested was \$1,817,414; total, \$17,032,664.

BONDS.—Of the sinking fund 8s due Sept. 1, 1893, \$3,730,000 were extended at the same rate for six years. See V. 57, p. 257. These bonds can now be drawn at par. They covered, Jan. 1, 1896, 3,302,000 acres of land, of which 70,000 acres agricultural, 2,232,000 acres grazing and 1,000,000 acres arid; also land contracts for \$2,672,712. As to default in Sept., 1896, see V. 63, p. 407.

Of the \$1,056,000 Omaha Bridge renewal 5s given above as outstanding, \$145,000 are held under the trust indenture of 1891 and \$922,000 in treasury of the receiver on Jan. 1, 1895.

KANSAS PACIFIC CONSOLS.—The mortgage securing these bonds was in V. 58, p. 999, see also editorials in V. 58, p. 965, and V. 59, p. 8.

The Union Pacific collateral trust 6s and 5s are secured by deposit in trust of branch line bonds. (See list, V. 59, p. 192.) V. 63, p. 117.

Of the \$18,530,000 collateral trust gold notes which were issued in August, 1891, to fund floating debt \$7,100,000 had been retired through sale of collateral prior to July 24, 1893. See list of collateral for these notes on Dec. 31, 1895, in V. 63, p. 1117, and abstract of trust deed in V. 53, p. 529-531. These notes (of 1891) were due Aug. 1, 1894, but interest was paid and holders were advised not to press collection at that time. V. 59, p. 154. In June, 1896, only \$8,587,000 notes were outstanding, against \$10,861,000 on Dec. 31, 1893, and it was thought the amount had been reduced to a point where the income from collateral would suffice to meet regularly the interest as it accrued. See V. 60, p. 886; V. 61, p. 153. The trustee assented to the Oregon Short Line plan in April, 1896.

COMMITTEE ON REORGANIZATION OF COLLATERAL TRUST GOLD NOTES 6s.—James W. Alexander, John G. Moore and Edwin F. Atkins; depository, Mercantile Trust Co., N. Y. See plan for reorganization of the trust agreement in V. 63, p. 1116. J. P. Morgan & Co. oppose this plan.

In Nov., 1895, all past-due coupons pertaining to the Union Pacific and the Kansas Pacific main line first mortgage bonds were cashed by the Reorganization Committee upon deposit of the bonds therewith, and certificates for compound interest on the over-due coupons were issued. In Dec., 1895, the Committee also agreed to purchase overdue Omaha Bridge renewal coupons on bonds deposited.

LAND GRANT.—Lands unsold on the several divisions amounted Jan. 1, 1896, to 6,473,000 acres, valued at \$10,453,250, and pledged to secure mortgages as shown above. Of these, 1,000,000 acres were arid, 823,000 agricultural and 4,650,000 grazing lands. In the year 1895 gross sales were 159,408 acres for \$290,712; cancellations of sales of previous years were 105,774 acres for \$140,109. Total land contracts outstanding January 1, 1896, \$6,012,044. See V. 62, p. 818.

FINANCES, &c.—Kan. Pac. Eastern Div. 6s for \$2,240,000, which matured Aug. 1, 1895, and U. PREFERRED STOCKS AND VOTING TRUSTS OF RAILROAD COMPANIES.

ARTICLE I.

In this and subsequent SUPPLEMENTS we shall furnish our readers with the important provisions on the face of the preferred stock certificates of all prominent railroad companies, omitting only such portions of the certificate as are purely formal in their character. In this issue we confine our attention to the preferred shares of the eight leading companies reorganized within the past two years, accompanying the same with an article in to-day's CHRONICLE.

The companies whose stocks are described below are the following:

1. Atchison Topeka & Santa Fe Railway Company.
2. Erie Railroad Company.
3. Norfolk & Western Railway Company.
4. Northern Pacific Railway Company.
5. Oregon Railroad & Navigation Company.
6. Reading Company.
7. St. Louis & San Francisco Railroad Company.
8. Southern Railway.

In the case of most of these companies, the stocks, both common and preferred are temporarily in the hands of voting trustees, who for a stated period have the appointing of the companies' directors, while in the hands of the public are non-voting trust certificates which entitle the holder to the dividends collected on his stock by the voting trustees and at the expiration of the trust to the shares of stock themselves. Preceding each preferred stock certificate we give the terms of its voting trust, and in the CHRONICLE of May 1 we propose to publish a sample voting trust certificate and the Reading Voting Trust Agreement, that the reader may understand the nature of these instruments, which with one exception (the Oregon Railroad & Navigation) are practically of one and the same general form. None of the stocks described

to-day are cumulative, but there is considerable variety in their terms. We take up the eight companies alphabetically, beginning with

(1) The Atchison Topeka & Santa Fe Railway Company.

In the case of this company there is no voting trust. The total authorized issue of preferred stock is \$131,486,000 and the certificates say:

PREFERRED STOCK ENTITLED TO DIVIDEND UP TO 5 PER CENT AS DECLARED BY BOARD OF DIRECTORS.

"The holders of the preferred stock are entitled to non-cumulative dividends in each and every fiscal year beginning after the 30th day of June, 1896, at such rate, not exceeding 5 per centum per annum, as shall be declared by the board of directors of the company, in preference and priority to any payment in or for such fiscal year of any dividend on the common stock or any other stock of the company, but only from individual net profits when and as determined by said board."

PREFERENCE AS TO ASSETS IN CASE OF LIQUIDATION.

"And in case of dissolution or liquidation of the company the holders of the preferred stock will be entitled to receive the par amount of their stock out of the assets of the company in priority to the common stock."

CONSENT OF A MAJORITY OF ENTIRE AMOUNT OF PREFERRED STOCK NECESSARY IN ORDER TO ISSUE NEW MORTGAGE OR ADDITIONAL PREFERRED STOCK.

"No mortgage, other than its general mortgage and its adjustment mortgage, executed in December, 1895, shall be executed by the company, nor shall the amount of the preferred stock be increased unless the execution of such mortgage or such increase of the preferred stock shall have received the consent of the holders of a majority of the whole amount of the preferred stock which shall at the time be outstanding, given at a meeting of the stockholders called for that purpose, and the consent of the holders of a majority of such part of the common stock as shall be represented at said meeting."

(2) Erie Railroad Company.

The stock of this company is held under a voting trust agreement dated Jan. 1, 1896, between the Reorganization Committee, party of the first part, and J. P. Morgan, Louis Fitzgerald and Sir Charles Tennant, the Voting Trustees, parties of the second part. The stock trust certificates contain the following provision with reference to the termination of the voting trust: "No stock certificates shall be due or deliverable hereunder before the first day of December, 1900, nor until the expiration of such further period, if any, as shall elapse before the Erie RR. Co. in one year shall have paid 4 per cent cash dividends on its first preferred stock; but the voting trustees, in their discretion, may make earlier delivery."

The agreement itself provides that the stock shall be delivered at the expiration of the period, or periods, above stated, that vacancies among the voting trustees shall be filled by appointment by the other voting trustees, that "the voting trustees will exercise their best judgment from time to time to select suitable directors to the end that the affairs of the company shall be properly managed, and in voting on other matters which may come before them at any stockholders' meeting will exercise like judgment."

The total issue of first preferred stock is \$30,000,000, of the second preferred \$16,000,000. In all other respects the certificates representing first and second preferred shares are substantially the same, both certificates being entitled to

not exceeding 4 per cent dividends and being subject to redemption at par in cash. The first preferred certificates say:

PREFERRED STOCK ENTITLED TO NON-CUMULATIVE DIVIDENDS AT NOT EXCEEDING 4 PER CENT YEARLY, AS DECLARED BY BOARD OF DIRECTORS.

"The first preferred stock [and subject to it the 2d preferred.—Eds.] is entitled to non-cumulative dividends at the rate of, but not exceeding, 4 per cent per annum, in each and every fiscal year beginning after the 30th day of June, 1896, in preference and priority to any payment in or for such fiscal year of any dividend on other stock; but only from undivided net profits of the company when and as determined by the board of directors, and only if and when the board shall declare dividends therefrom. If, after providing for the payment of full dividends for any fiscal year on the first preferred stock, there shall remain any surplus undivided net profits, the board out of such surplus may declare and pay dividends for such year upon the second preferred stock. If, from the business of any particular fiscal year, excluding undivided net profits remaining from previous years, after providing out of the net profits of such particular fiscal year for the payment of the full dividends for such fiscal year on the first and second preferred stock, there shall remain surplus net profits, the board of directors may declare, and out of such surplus net profits of such year may pay, dividends upon any other stock of the company. But no dividends shall in any year be paid upon any such other stock out of net profits of any previous fiscal year in which the full dividends shall not have been paid on the first and second preferred stock."

CONSENT OF PREFERRED STOCKS NECESSARY TO INCREASE OF PREFERRED OR TO NEW MORTGAGE.

"Such first preferred stock is authorized to the amount of \$30,000,000 [second preferred to \$16,000,000.—Eds.], and, as provided in the certificate of incorporation, the consent of the holders of a majority of such first preferred stock then outstanding, given at a meeting of the stockholders called for that purpose, is necessary to any increase of such authorized amount thereof as well as to the creation of any mortgage, other than those in said certificate specified, upon its property specified in said certificate." [Similar consent must be obtained from the second preferred stock to any increase of either the first preferred or the second preferred and to any new mortgage.—Eds.]

PREFERRED STOCKS REDEEMABLE AT PAR.

"The Erie Railroad Company reserves the right, if allowed by law, at any time to redeem its first preferred (also second preferred) stock at par in cash."

(3) Norfolk & Western Railway.

In the case of this company there is no voting trust and of the total authorized preferred stock (\$23,000,000) all except \$166,630 was deliverable under the plan of reorganization. The rights of the preferred stock, as set forth in the certificates, are as follows:

PROVISIONS FOR NON-CUMULATIVE DIVIDENDS OF NOT EXCEEDING 4 PER CENT PER ANNUM AS DECLARED BY BOARD.

"The holders of the adjustment preferred stock of the company are entitled to non-cumulative dividends for each fiscal year, when and as declared by the board of directors of the company, to the extent of 4 per cent per annum, payable out of any surplus net profits of the company, as determined by said board, before any dividend shall be declared or paid in or for such fiscal year on the common stock."

PREFERENCE AS TO ASSETS IN CASE OF LIQUIDATION.

"And in case of liquidation or distribution of the capital of the company, the holders of the adjustment preferred stock will be entitled to receive the par amount of their stock out of the company's assets in priority to any payment therefrom on the common stock."

DIVIDENDS ON COMMON STOCK.

"Dividends on the common stock may be declared and paid out of any surplus net profits remaining from any previous fiscal year or years for which the full dividends at the rate of 4 per cent per annum shall have been paid on the adjustment preferred stock; but no dividends shall be paid on the common stock out of surplus net profits of any year for which the full dividends shall not have been paid on the adjustment preferred stock."

RIGHT OF PREFERRED STOCK TO CONTROL COMPANY UNTIL SEPT. 24, 1901, UNLESS 4 PER CENT IS PAID ON PREFERRED STOCK FOR THREE CONSECUTIVE YEARS.

"During the period of five years after the organization of the company, unless full yearly dividends at the rate of 4 per cent per annum shall have been paid on the adjustment preferred stock for three years before the expiration of that period, two-thirds of the whole board of directors of the company shall be elected by separate ballot, by vote of the holders of a majority of the adjustment preferred stock upon which votes shall be cast at the respective elections of directors, and the remainder of the board shall be elected by separate ballot by vote of the holders of a majority of the common stock upon which votes shall be cast. After the expiration of five years, or after full yearly dividends on the adjustment preferred stock shall have been paid for three years, the adjustment preferred stock and the common

stock are to rank equally, share for share, at all elections, each share entitling the holder to one vote."

CONSENT OF TWO-THIRDS OF ENTIRE ISSUE OF PREFERRED STOCK NECESSARY TO MAKE NEW MORTGAGE OR TO INCREASE THE PREFERRED.

"No mortgage other than the mortgages provided for in the plan of organization of the company shall be placed upon the property mentioned in said plan, and the amount of the adjustment preferred stock (namely, \$23,000,000,) shall not be increased or decreased, except after obtaining in each instance of the execution of such mortgage, or increase or decrease of stock, the consent of the holders of two-thirds of the whole amount of the adjustment preferred stock then outstanding, given at a meeting of the stockholders called for that purpose, and the consent of the holders of a majority of such part of the common stock as shall be represented at such meeting, the holders of each class of stock voting separately."

"The term common stock shall, for the purposes hereof, be held to include all stock which may be issued other than the adjustment preferred stock."

(4) Northern Pacific Railway Company.

The stock of this company is held in a voting trust agreement dated Dec. 1, 1896, between J. P. Morgan & Co, Reorganization Managers, and J. Pierpont Morgan, Georg Siemens, August Belmont, Johnston Livingston, Charles Lanier, Voting Trustees. The agreement provides that the voting trustees shall issue the stock certificates in exchange for the trust certificates not later than Nov. 1, 1901, but that they may, if they please, cause the exchange to take place at any earlier date. The voting trustees are to elect new trustees to fill vacancies in their number, except that the successors of Georg Siemens are always to be nominated by the Deutsche Bank of Berlin. The trustees are forbidden to increase the preferred stock or to issue any new mortgage except with the consent of holders of a majority of the whole amount of the preferred stock trust certificates and of the holders of a majority of the common stock trust certificates represented at the meeting. "In voting the stock held by them", the agreement says, "the voting trustees will exercise their best judgment from time to time to select suitable directors, to the end that the affairs of the company shall be properly managed, and in voting on other matters which may come before them at any stockholders' meeting will use their best judgment."

The preferred stock authorized is \$75,000,000, and the common stock \$80,000,000, the certificates for both classes of stock containing the following:

PREFERRED STOCK ENTITLED TO 4 PER CENT DIVIDENDS (IF DECLARED) TAX FREE.

"The holders of the preferred stock of the company shall be entitled to non-cumulative dividends for each fiscal year, when and as declared by the board of directors of the company, to the extent of 4 per cent per annum, payable quarterly on the first days of March, June, September and December out of any surplus net profits of the company, as determined by said board, before any dividend shall be declared or paid for or in such fiscal year on the common stock, and without deduction for any tax or taxes imposed by the United States or by any State or municipality thereof that the railway company may at any time be required to pay or to retain therefrom."

THEN COMMON TO 4 PER CENT.

"Dividends on the common stock may be declared and paid out of any surplus net profits remaining from any previous fiscal year or years for which the full dividends at the rate of 4 per cent per annum shall have been paid on the preferred stock."

THEN BOTH STOCKS SHARE RATABLY.

"But after dividends to the extent of 4 per cent shall have been declared for any one fiscal year on all the stock of the company (common as well as preferred), any further dividends for that fiscal year shall be declared only for the equal ratable benefit of all the stock, whether preferred or common. No dividends shall be paid on the common stock out of surplus net profits of any year for which the full dividends shall not have been paid on the preferred stock."

PREFERRED STOCK TO ELECT A MAJORITY OF DIRECTORS IF FULL DIVIDENDS ON PREFERRED STOCK FOR TWO SUCCESSIVE QUARTERS ARE NOT PAID.

"Whenever the full and regular quarterly dividends for two successive quarterly periods after July 1st, 1897, upon the preferred stock at the rate of 4 per cent per annum shall not have been paid in cash, then and in that event at the next annual meeting such number, and only such number, of directors as will constitute a majority of the whole board shall be elected by a separate ballot by the holders of the preferred stock present or represented at such meeting, and the remainder of the board shall be elected by a separate ballot by the holders of the common stock present or represented at such meeting, in every case each share to be entitled to one vote."

NO NEW MORTGAGE OR INCREASE OF PREFERRED STOCK WITHOUT CONSENT OF MAJORITY OF ALL THE PREFERRED, ETC.

"The company shall not put a mortgage upon its property formerly embraced in the system of the Northern Pacific Railroad company, nor shall the amount of the preferred stock be increased except after obtaining in each instance the consent of the holders of a majority of the whole amount of the preferred stock given at a meeting of the stockholders called for that purpose, and the consent of the holders of a majority of such part of the common stock as shall be represented at such meeting, the holders of each class of stock voting separately."

PREFERRED STOCK SUBJECT TO CALL AT PAR PRIOR TO 1917.

"The company shall have the right at its option, and in such manner as it shall determine, to retire the preferred stock in whole or in part, at par, from time to time, upon any first day of January prior to 1917."

CERTIFICATES MAY BE REGISTERED IN BERLIN.

"Certificates for preferred and common stock registered in New York may be exchanged in such manner as the company may prescribe for similar certificates registered at the Deutsche Bank in Berlin, and all dividends declared on the preferred stock registered in Berlin will be payable there at the rate of 4-20 marks per dollar."

(5) Oregon Railroad & Navigation Company.

The stock of this company (\$10,998,500 of preferred and \$24,000,000 of common) is to be held in trust until Aug. 17, 1906, by the Central Trust Company, which will elect as directors of the Oregon RR. & Navigation Co. ten directors, five of whom shall be residents of Oregon, nominated by the holders of the trust certificates for the preferred stock, and five directors, three of whom shall be residents of Oregon, nominated by the holders of the trust certificates for the common stock. In this manner is ensured to the preferred stock the control of the company until the date named unless the trust shall be earlier terminated, as authorized, in one of the following ways:

A. By the consent of the holders of two-thirds of each class of voting trust certificates.

B. By the payment by the railroad company upon the preferred stock of dividends which shall equal in the aggregate 20 per cent of the par value of the stock, whether such dividends are declared successively or not, and without regard to the several amounts of the dividends so paid.

C. By a deposit made by common stockholders, as hereinafter stated, with the Central Trust Co., of such amount or amounts (less a discount of 6 per cent), as, together with the dividends theretofore paid, shall equal 20 per cent on the preferred stock. Said amount to be paid forthwith to the holders of certificates representing the preferred stock.

D. By a guaranty given, at the instance of common stockholders as hereinafter stated, either by the American Surety Co., or the Lawyers' Surety Co., or some other person or corporation of New York, which is satisfactory to the Central Trust Co., guaranteeing for the benefit of the preferred stock the payment of such sum of money as shall, with the dividends theretofore paid on said stock, be equal to 20 per cent. Such guaranty shall be for the payment on the first day of each successive calendar year thereafter at the rate of at least 4 per cent per annum of the balance of the 20 per cent of dividends remaining unpaid.

The right to terminate this agreement, as stated in paragraphs C and D, is given for 2½ years from Aug. 19, 1906, to the holders of voting trust certificates representing a majority, and thereafter to holders of trust certificates representing at least \$2,000,000 of the common stock. And the preferred stock when issued therefor shall be stamped with "the fact that this agreement has been terminated by the payment or guaranty of dividends, and that during the period for which such dividends shall have been paid or guaranteed the holders of preferred stock shall not be entitled to any dividends declared by the company, except such dividends as shall be declared upon the preferred stock in excess of the amount paid or guaranteed [of at least 4 per cent per annum.—Ets.], in order to terminate said trust agreement with the discount thereon. But all the dividends declared by the company upon such preferred stock during such period, not exceeding, however, the amount so paid or guaranteed, together with the discount thereon, shall be paid by the company to the voting trustee [Central Trust Co.] to be paid over by said voting trustee to the common stockholders making the deposit or causing the guaranty to be made."

In other words, the voting trust will end prior to Aug. 17, 1906, in case the railroad company shall have paid dividends in all aggregating 20 per cent on the preferred stock, or in case a sufficient number of the common stockholders shall have exercised the option to pay down for the benefit of the preferred stock, or to give a satisfactory guaranty that there will be paid thereon, at the rate of at least 4 per cent yearly, a sum equal to the balance of the 20 per cent in dividends remaining unpaid.

As regards all questions which shall require the action of

the stockholders during the continuance of the voting trust the Central Trust Co. shall vote the stock as follows:

1. Against any increase in the preferred capital stock of the company *unless* the holders of all of the voting trust certificates of both classes give their *unanimous* consent thereto at general meetings.

2. Against all propositions "relating to the mortgaging, selling or leasing of the railroad and telegraph lines of the company or to the consolidation thereof", *unless* an affirmative vote shall be authorized and directed by the holders of a majority of all the outstanding voting trust certificates of *each* class.

3. On all other questions the Central Trust Co. shall vote as directed by the holders of a majority of the aggregate of *all* its voting trust certificates of both classes represented at general meetings.

The preferred stock certificates of the Oregon Railroad & Navigation Company say:

PREFERRED ENTITLED TO 4 PER CENT DIVIDENDS, THEN COMMON TO 4 PER CENT, THEN BOTH SHARE PRO RATA.

"The company has duly authorized the issue of preferred stock to the amount of \$11,000,000, and of common stock to the amount of \$24,000,000. The preferred stock is entitled in each calendar year to receive dividends, if declared, to the amount of 4 per cent per annum, non-cumulative, before any dividend shall be paid upon the common stock, and the common stock is entitled after the payment of 4 per cent dividends to the preferred stock to all dividends declared during the same year up to 4 per cent per annum; and after the payment of this dividend to the common stock, all dividends declared during that year shall be distributed pro rata to the preferred and the common stock."

PREFERRED STOCK HAS PREFERENCE AS TO ASSETS IN CASE OF LIQUIDATION.

"In case of the liquidation of the company, the holders of the preferred stock shall be entitled to receive the par amount of their stock out of the assets of the company in priority to the common stock."

NO INCREASE OF THE PREFERRED STOCK WITHOUT CONSENT OF ALL THE COMPANY'S STOCKHOLDERS.

"The preferred stock shall not be increased without the consent of all the stockholders of the company."

NO NEW MORTGAGE, SALE, LEASE OR CONSOLIDATION OF PROPERTY WITHOUT CONSENT OF A MAJORITY OF EACH CLASS OF STOCK.

"No mortgage shall be put upon the property of the company, and no sale or lease of its railroad or telegraph line shall be made without the approval of the holders of a majority of the preferred stock and of a majority of the common stock, and the company shall not consolidate itself with or into any other company without like approval."

(6) Reading Company.

The entire capital stock of this company is deposited under a voting trust agreement, to be published in the CHRONICLE of May 1. The voting trust will terminate Jan. 1, 1902, if the company shall by that time have paid 4 per cent cash dividend on its first preferred stock for two consecutive years, and if not then so soon as such dividend shall have been paid. The voting trustees, however, may terminate the voting trust at any time. The agreement reserves to the holders of the voting trust certificates the same rights as to voting on any proposition to make a new mortgage or to increase the authorized issues of the preferred stock as would be conferred by the stock certificates themselves if they were outstanding. The voting trustees agree to select suitable directors, and as to all questions coming before them to exercise their best judgment.

The first preferred stock is authorized to a total of \$28,000,000, and the certificates contain the following provisions:

FIRST PREFERRED STOCK ENTITLED TO 4 PER CENT DIVIDEND IF DECLARED.

"The first preferred stock is entitled to non-cumulative dividends at the rate of, but not exceeding, 4 per cent per annum in each and every fiscal year, in preference and priority to any payment in or for such fiscal year of any dividend on other stock; but only from undivided net profits of the company when and as determined by the board of directors, and only if and when the board shall declare dividends therefrom. If, after providing for the payment of full dividends for any fiscal year on the first preferred stock, there shall remain any surplus undivided net profits, the board out of such surplus may declare and pay dividends for such year [to an amount not exceeding 4 per cent. Ets.] upon the second preferred stock. If, from the business of any particular fiscal year, excluding undivided net profits remaining from previous years, after providing out of the net profits of such particular fiscal year for the payment of the full dividends for such fiscal year on the first and second preferred stock, there shall remain surplus net profits, the board of directors may declare, and out of such surplus net profits of such year may pay, dividends upon any other stock of the company. But no dividends shall in any year be paid upon any such other stock out of net profits of any previous fiscal year in which the full dividends shall not have been paid on the first and second preferred stock."

RIGHT TO INCREASE ISSUE FROM \$28,000,000 TO \$49,000,000 FOR CONVERSION OF SECOND PREFERRED STOCK—OTHER PROVISIONS.

"Such first preferred stock is authorized to the amount of \$28,000,000, and the consent of the holders of a majority of the whole amount of such first preferred stock then outstanding, given at a meeting of the stockholders called for that purpose, is necessary to any increase of such authorized amount thereof as well as to the creation of any mortgage additional to that for \$135,000,000 heretofore authorized, except that, at any time after dividends at the rate of 4 per cent per annum shall have been paid thereon for two successive years, said first preferred stock may be increased, without such consent, to the extent of 420,000 shares for use towards the conversion of the second preferred stock; and, accordingly, this certificate is issued and accepted upon condition that, without further consent from the holder or owner hereof, the Reading Company may so increase and issue its first preferred stock."

PREFERRED STOCKS SUBJECT TO CALL AT PAR.

"The Reading Company shall have the right at any time to redeem either or both classes of its preferred stock, at par in cash, if such redemption shall then be allowed by law."

The second preferred stock is entitled to non-cumulative 4 per cent dividends (if declared) in preference to dividends on the common stock. The certificates are similar to the first preferred stock certificates above given, but say:

SECOND PREFERRED STOCK.

"Such second preferred stock is authorized to the amount of \$42,000,000; and, except as hereinafter stated, the consent of the holders of a majority of the whole amount of such second preferred stock then outstanding, given at a meeting of the stockholders called for that purpose, is necessary to any increase of such authorized amount thereof, or of the first preferred stock, as well as to the creation of any mortgage additional to the mortgage of \$135,000,000 heretofore authorized."

RIGHT OF CONVERSION INTO COMMON AND FIRST PREFERRED.

"The Reading Company reserves the right, and this certificate is issued and accepted upon condition, that at any time after dividends at the rate of 4 per cent per annum shall have been paid for two successive years on the first preferred stock, the Reading Company, without further consent from the holder or owner hereof, may exercise the right to convert the second preferred stock, not exceeding \$42,000,000 at par, one-half into first preferred stock and one-half into common stock, and accordingly may so increase and issue its first preferred stock and its common stock to provide for such conversion of the second preferred stock."

(7) St. Louis & San Francisco Railway.

The capital stock of this company is deposited in a voting trust "as additional protection" to the consolidated mortgage 4 per cent bonds of 1896. The voting trust agreement is dated July 1, 1896, and is made between the reorganization committee and the voting trustees, viz.: John A. Stewart, Louis Fitzgerald, J. Kennedy Tod, Isaac N. Seligman, Samuel C. Eastman, Benjamin P. Cheney, James A. Blair.

The agreement provides that the voting trustees "shall select suitable directors to the end that the affairs of the company shall be properly managed", and in voting on other matters shall exercise their best judgment. The voting trustees, however, are forbidden to authorize any additional mortgage and to increase the amount of the preferred stock, except with the consent of the holders of a majority of the whole amount of the trust certificates for each class of preferred stock and of a majority of the certificates for common stock, represented at such meeting, each class of trust certificates voting separately. So also as to any increase of the second preferred stock, the voting trustees must first obtain the consent of the holders of a majority of the whole amount of the trust certificates representing said stock and the consent of a majority of such part of the trust certificates for common stock as shall be represented at the meeting called to act on said matter, each class voting separately.

As to the expiration of the voting trust, the voting trust certificates say:

"No stock certificates shall be due or deliverable hereunder before the first day of July, 1901, nor until the expiration of such further period, if any, as shall elapse before the St. Louis & San Francisco RR. Co. shall have paid for two consecutive years a 4 per cent cash dividend on its first preferred stock. The voting trustees may, notwithstanding, make delivery at any time prior to the first day of January, 1902, with the consent of the holders of at least two-thirds in amount of the stock trust certificates issued by the undersigned voting trustees and then outstanding, in respect of each class of the stock of said Railroad Company, and may make delivery after said first day of January, 1902, in their absolute discretion."

The stock certificates of the company, common, first preferred and second preferred, all contain the following:

FIRST PREFERRED TO RECEIVE 4 P. C. THEN 2D PREFERRED 4 PER CENT, THEN COMMON ALL REMAINING DIVIDENDS.

"Holders of the first preferred stock are entitled to receive dividends thereon when earned and declared for any year to the amount of 4 per centum before any dividend for that year shall be set apart or paid on the second preferred stock or on the common stock, but such preferred dividends shall not be cumulative. Holders of the second preferred stock are entitled to receive dividends thereon when earned and declared for any year to the amount of 4 per centum before any dividends shall be set apart or paid on the common stock, but such preferred dividends shall not be cumulative. After the payment of such dividends on the first preferred stock and second preferred stock for any year, the holders of the common stock are entitled to receive all dividends that may be earned and declared for that year."

PREFERRED STOCKS SUBJECT TO CALL.

"The company reserves the right at any time to redeem either class of its preferred stock in cash if allowed by law."

RIGHT TO INCREASE PREFERRED STOCKS.

"The articles of association of the company provide that the amount of the first preferred stock shall not be increased except with the consent of the holders of a majority of the whole amount of each class of preferred stock given at a meeting of the stockholders called for that purpose, and with the consent of the holders of a majority of such part of the common stock as shall be represented at said meeting, the holders of each class of stock voting separately, and that the amount of the second preferred stock shall not be increased except with the consent of the holders of a majority of the whole amount thereof given at a meeting of the stockholders called for that purpose and with the consent of the holders of a majority of such part of the common stock as shall be represented at said meeting, the holders of each class of stock voting separately."

(8) Southern Railway.

The entire capital stock of the company, except sufficient to qualify directors, is deposited with J. P. Morgan, Charles Lanier and George F. Baker as voting trustees, to be held by them till July 1, 1899, and for such further period, if any, as shall elapse before the preferred stock shall have paid 5 per cent cash dividend for one year. The trustees may, however, terminate the trust and deliver the stock at any time. As in the other voting trusts already mentioned, the trustees are required to select suitable trustees, that the affairs of the company may be properly administered, and in other matters to exercise their best judgment. The trust agreement is on the expressed understanding "that the preferred stock is subject to the exercise at any time by the Southern Railway Company of any charter right to redeem such stock in cash at par." This fact does not appear in the stock certificate itself. The preferred certificate expresses as follows the preferential rights of the preferred stock:

ENTITLED TO NOT EXCEEDING 5 PER CENT DIVIDEND.

"The preferred stock is entitled to the following preferences and to no other, viz.: In each and every fiscal year after the first day of July, 1895, to receive non-cumulative dividends at and up to the rate of 5 per cent per annum in preference and priority to the payment of any dividend on the common stock in such fiscal year, but only from the net profits of the company as such shall be fixed and determined by the board of directors and only when and as such board shall declare dividends therefrom; but, notwithstanding the preference hereby declared, if, after providing for the payment of dividends for any fiscal year on the preferred stock outstanding in such year, there shall remain a surplus of net profits of such year, the board of directors may declare and pay dividends upon any other stock of the company for such year out of such surplus net profits."

RIGHT TO INCREASE PREFERRED STOCK OR MAKE NEW MORTGAGE.

"Such preferred stock is authorized to the amount of \$60,000,000; and without the consent of the holders of a majority of such preferred stock then outstanding, the company can neither increase such authorized amount thereof nor put upon its property any mortgage to secure bonds for more than the aggregate principal sum of \$120,000,000, in addition to prior liens thereon, assumed, extended or renewed, or any substitutions therefor, against which a like amount of bonds shall be reserved out of such amount of \$120,000,000."

In subsequent issues of this SUPPLEMENT we shall publish the terms of preference from the preferred certificates of forty or fifty other companies, including among them practically every important railroad corporation in the United States.

RAILROAD COMPANIES.

(FOR MISCELLANEOUS COMPANIES SEE PAGES 141 TO 155 INCLUSIVE.)

EXPLANATORY.—This SUPPLEMENT is expressly intended for use in connection with the investment news and annual reports published from week to week in the CHRONICLE. Frequent references are therefore made to the volume and page of the CHRONICLE (as, V. 64, p. 000) where fuller information may be found. Following each statement also is given a reference to the latest news item in the CHRONICLE regarding the company. As every such item contains a reference to the last preceding item, the reader can run back over the company's history at pleasure. Annual reports are in black-faced figures, and *italics* indicate a paragraph headed by the name of some other company.

Securities.—The securities of each company are described in the table at the head of the page, but the capital stock (for lack of space) is occasionally mentioned only in the text below.

Index.—Any company not in its regular alphabetical order may be found by means of the index to roads leased and consolidated.

The "dividends" appearing in the text are those which have actually been paid during the calendar years named, irrespective of when they may have been earned; hence they often differ from the dividends reported in connection with the earnings for the same years.

By "net earnings" as used in this SUPPLEMENT is meant the earnings remaining after deducting operating expenses, but not interest on debt, rentals or other fixed charges. Some companies report net earnings before and some after deducting taxes.

Abbreviations used are: M. for "mortgage;" gen. M. for "general mortgage;" con. M. or consol. M. for "consolidated mortgage;" inc. M. for "income mortgage;" g. for "gold;" cur. for "currency;" guar. p. & i. for "guaranteed principal and interest;" cum. for "cumulative;" non-cum. for "non-cumulative;" conv. for "convertible;" pref. for "preferred;" a. f. for "sinking fund;" l. gr. for "land grant;" r. for "registered;" c. for "coupon;" c. for "coupon but may be registered as to principal;" br. for "branch;" end. for "endorsed;" "red." for redeemable (so "red. at 100" means subject to call at par); "d'n" or "drawn" for subject to call when drawn by lot; "p. m." for "per mille;" as'd for "assumed."

Miles of Road.—Opposite bonds, this means the miles of road owned covered by the mortgage.

Size or Par Value.—Shows (in dollars unless otherwise marked), the denominations or par value, "100, &c.," signifying \$100 and larger.

Rate per Cent.—The interest rate, and where constant the dividend rate, *per annum* is here shown; g., gold; c., currency; x, extra; s. stock or scrip; per an. means per annum, so 6 per an. (M. & N.) means 6 per cent yearly, payable 3 per cent in May and 3 per cent in November.

When Payable.—J. & J. stands for January and July; F. & A., February and August; M. & S., March and September; A. & O., April and October; M. & N., May and Nov.; J. & D., June and Dec.; Q.—J., quarterly from Jan.; Q.—F., quarterly from Feb.; Q.—M., quarterly from March.

Bonds, principal when due, etc.—This column shows the date when the bonds mature and the amount and date of the last dividend.

(V. 64, p. 468, 516.)

ORGANIZATION.—This company was organized on Dec. 12, 1895 under the general laws of Kansas, by the purchasers at foreclosure sale of the property and franchises of the Atchison Topeka & Santa Fe RR. Co. in accordance with a reorganization plan, dated March 14, 1895, and published in the CHRONICLE V. 60, p. 658.

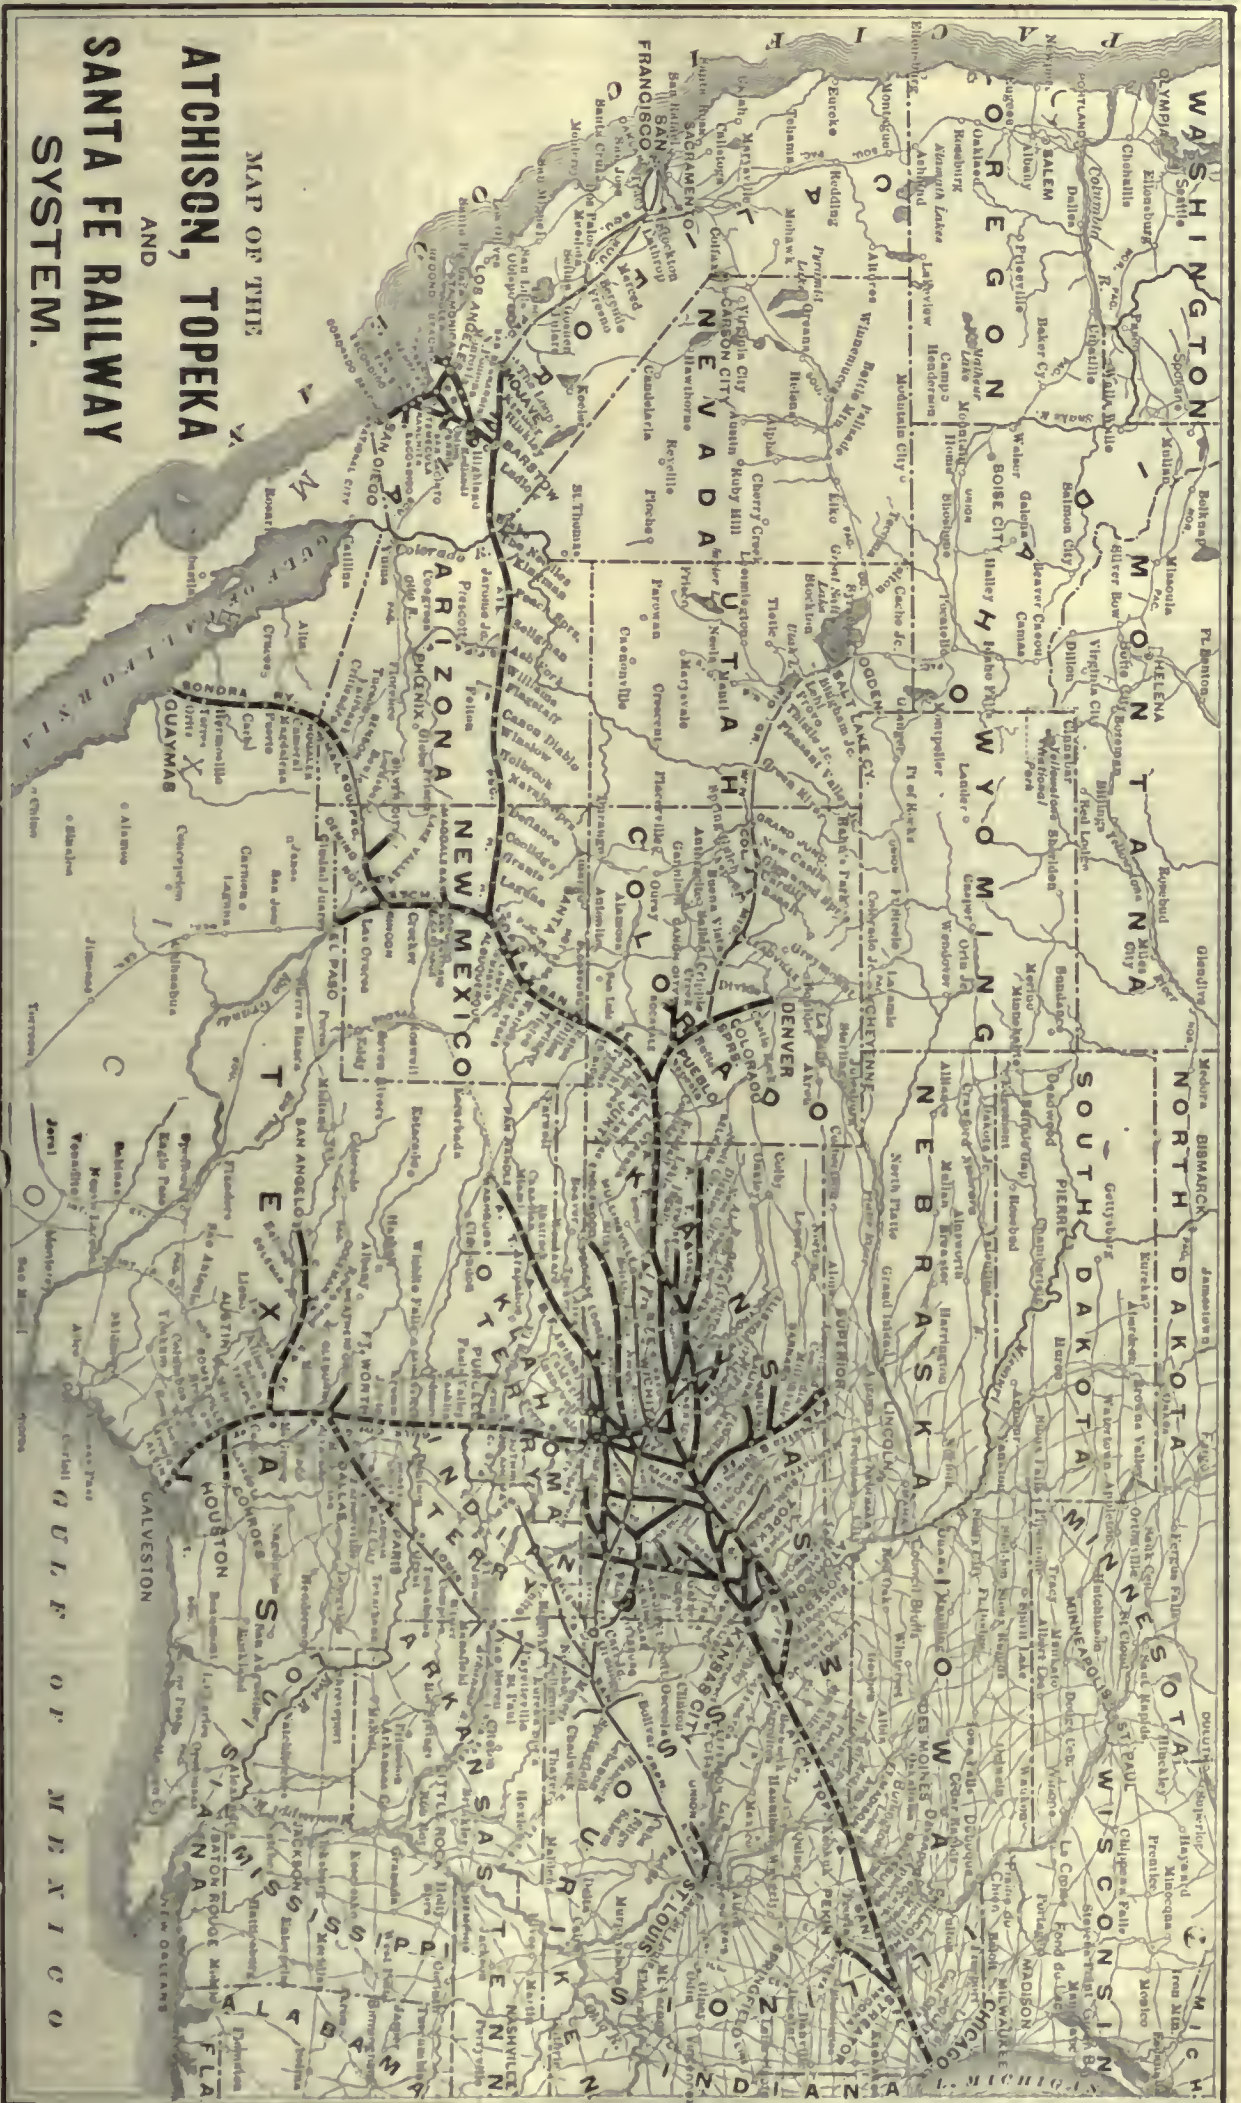

The railway company holds the title to the railroad from Atchison on the Missouri River to the western boundary of Kansas, 471 miles, and also all, or nearly all, the bonds and stock of the various companies in which the title to the other lines is vested. A list of such holdings is in the general mortgage (in V. 62, p. 732, 733), the bonds owned aggregating over \$168,000,000 and the stocks over \$100,000,000 at par, not including the stocks of the Atlantic & Pacific RR., the Colorado Midland Ry. and the St. Louis & San Francisco Ry.

In April, 1896, all interest in the St. Louis & San Francisco was sold, that company being thereupon reorganized as an entirely independent property. In return the Atchison received \$1,971,550 in cash for its \$5,633,000 of St. Louis & San Francisco consols.

In March, 1897, the Western Division of the Atlantic & Pacific, 564 miles, was acquired; also the Mojave Division of Southern Pacific, 242 miles (in exchange for the New Mexico & Arizona RR. and Sonora Ry., 350 miles—see V. 64, p. 609), and the Texas Lou. & E., 30 miles. \$131,496,000. To acquire A. & P., Western Division, \$9,200,000 of this \$20,000,000 preferred stock was issued in March, 1896. The common stock authorized is \$102,000,000.—V. 62, p. 784.

BONDS.—The new General Mortgage (Abstract V. 62, p. 731-739) is made to the Union Trust Co. of New York as trustee, and gives a lien, either by direct mortgage or by collateral trust, on the entire system of 6,435 miles of railroad, together with all the equipment and terminals owned by the company, and future acquisitions, subject only to the \$9,000,000 of guarantee fund notes secured by mortgage on the line from Acheson to the western boundary of Kansas, and subject to liens on certain equipment for about \$1,500,000, to \$1,500,000 of Chicago & St. Louis R.R. Co. bonds (secured by lien on about 60 miles in Illinois), and the remaining outstanding bonds of certain controlled companies, amounting in the aggregate to about \$696,550.

The total amount of bonds secured by the General Mortgage can never in the aggregate exceed \$165,490,500, including both the General Mortgage bonds and the \$17,000,000 Prior Lien bonds, of which the latter are merely a precautionary expedient. No Prior Lien bonds will be issued at present, and none later unless circumstances require.

The \$68,500,000 general mort. bonds additional to the \$96,990,500 issued in the reorganization, have been, or may be, issued as follows:

- a. To retire guarantee fund notes and car trusts at not exceeding \$1,250 for each \$1,000 of old bonds..... 15,500,000
 - b. Non-assenting bonds from reorganization of 1889 (\$1,560,950 since redneed to \$696,550)..... 1,500,000
 - c. Chicago & St. Louis 1st mortgage 6s..... 1,500,000
- For improv'ts, terminals, second track, equip't, etc., under carefully guarded restrictions at not exceeding \$3,000,000 yearly, of which not over \$750,000 for extousias. . 30,000,000
- For acquisition of St. Louis & San Francisco, Atlantic & Pacific and Colorado Midland..... 20,000,000

The prior lien bonds are to be issued only in lieu of general mortgage bonds, and in case of the issue of prior lien bonds, \$1,250 of the general mortgage bonds must be reserved for the redemption of each \$1,000 of prior lien bonds. Also, of the \$17,000,000 authorized, \$12,000,000 can only be issued to replace a like amount of existing prior securities; and \$5,000,000 are reserved for improvements, and are to be used only in case general mortgage bonds cannot be sold for 80 per cent, and in no event after year 1900.

The Adjustment Mortgage (Abstract V. 62, p. 739) is to the Central Trust Co. as trustee. Interest is payable only out of net earnings, and is non-cumulative till July 1, 1900, and cumulative thereafter. Present issue is limited to \$51,728,000, but when the \$30,000,000 general 4s authorized for improvements as above have been issued (i. e., not before June 30, 1905), \$20,000,000 additional adjustment 4s may be issued for the same purposes at not exceeding \$2,000,000 in any one year, but only by a majority vote of the adjustment bondholders.

GENERAL FINANCES.—In March, 1897, purchased the Atlantic & Pacific, Western division, 564 miles, the Atchison issuing therefor \$8,400,000 general mortgage 4s and \$9,200,000 of preferred stock and \$530,000 in cash; Atchison also assumes the net floating debt of A. & P. receivers of about \$700,000. Atchison general 4s will be issued for the cash payment and floating debt when deemed advisable. Renewals and repairs of A. & P., it is said, will cost about \$1,200,000. Southern Pacific Mojave division, 242 miles, was to be acquired in exchange in 1897 as above stated. (V. 64, p. 516.)

With the proceeds of receivers' certificates the rolling stock has been increased and various improvements have been made. Early in the receivership a number of important loans had their coupons in default (see a list of these in SUPPLEMENT of July, 1896), but in Jan., 1897, all the overdue coupons, with the exception of those below mentioned, had been paid.

DIVIDENDS since '85... '86. '87. '88-'90. '91. '92. '93. '94 None. RECEIVERS' OBLIGATIONS.—In May, 1896, the issue of \$5,000,000 certificates was authorized for material, supplies, etc., and for restoration of rolling stock and equipment.

GUARANTIES.—In addition to the bonds given in the table, the company guarantees the following bonds. See statement for this co. B. & O. Southwestern 1st 4 1/2%.

GENERAL FINANCES, &c.—The floating debt of March, 1896, was as follows: Bills payable and claims admitted to May 1, \$3,632,741; additional claims, about \$500,000; pay rolls for February, \$866,801; total, \$4,999,542 (of which \$2,847,680 remained unpaid May 1); due receivers for disbursements, \$808,072; negotiable paper, including endorsements, \$9,500,000, for which are pledged substantially all the securities of the company, estimated at \$18,000,000.

Mr. Little reported the floating debt of Nov. 30, 1895, as follows: Notes and loans secured by collateral, \$3,744,674; unsecured debts, \$8,629,256; total, \$12,373,930. Offsets, excluding stocks and bonds, \$5,913,330; balance net debt, \$6,460,500.

In June, 1896, were issued \$5,000,000 receivers' certificates for the payment of floating indebtedness and for repairs of cars and locomotives (\$1,070,898); repairs of roadway and track, etc. (\$1,290,000). Car trust certificates for \$3,400,000 were also issued for purchase of 5,000 freight cars and 75 locomotives—V. 62, p. 948.

The report of expert accountant Little dated July 11, 1896, was quoted in V. 63, p. 1009, 1062. It estimates that from Sept. 30, 1888, to Nov. 30, 1895, the company's profits were overstated by \$11,204,859 through a mistaken method of accounting, but shows that nevertheless there was a profit over fixed charges, excluding dividends, amounting to \$300,000 on 1st and 2d preferred stocks as follows:

For year ending June 30, 1895, \$3,956; for 1895-4, \$286,575; for 1892-3 deficit of \$62,725; for 9 months to June 30, 1892, a deficit of \$486,651; for year ending Sept. 30, 1891, surplus of \$974,544 and for 1889-90 a surplus of \$1,085,225.

Editorials in the CINCINNATI, however, on pages 1040, 1092 and 1135 of Volume 63, give reasons for believing that Mr. Little was much too drastic in his treatment, and that the real profits were greater than he states. On the other hand, when considering the company's condition, it should be remembered, as stated in V. 63, p. 901, that when the receivers took possession much of the equipment was out of repair, also that the fixed charges for the year ending June 30, 1896, increased \$443,211 (\$300,000 for interest on Baltimore Belt bonds) and that from May to December, 1896, were issued in the aggregate \$6,606,000 of receivers' certificates and \$3,400,000 of car trust certificates, entailing an annual outlay for interest of \$584,000, partly however in lieu of interest on floating debt.

EARNINGS.—8 months, { 1896-7: Gross, \$17,241,561; net, \$3,963,820 July 1 to Feb. 28. { 1895-6: Gross, 16,088,953; net, 4,757,484 1. Net net due chiefly to increase in maintenance of way and maintenance of equipment.

The consols are a first mortgage or first collateral lien on 755 miles of road in Illinois and on Chicago terminal property, and on payment of \$1,076,000 Ottawa Oswego & Fox River bonds July 1, 1900, will embrace its 68 miles additional. The Iowa Division bonds are a first mortgage on the main line in Iowa from Burlington to East Plattsmouth on the Mo. River, 278 miles, and on 122 miles of branches; they are also a first collateral lien on 420 miles of branches and 80 miles of second track. These bonds have a sinking fund of 1 1/2 per cent (\$203,800) yearly, for which the 4s are subject to call at 100, the 5s at 105. The single main line and branches covered "shall not exceed in the aggregate 900 miles," at \$16,000 per mile; on second track (of which Jan. 1, 1890, there were 80 miles) may be loaned an additional \$14,000 per mile. Denver Extension bonds can be increased only for second track at \$10,000 per mile. The collateral trust Nebraska extension bonds of 1897 (New England Trust Co., of Mass., trustee) are issued at \$20,000 per mile for single and \$10,000 per mile for second track on not exceeding 1,500 miles. Abstract of deed V. 45, p. 441. Burlington & Missouri RR. in Nebraska consol. mortgage of 1878 is for \$14,000,000, and is now a 1st M. or 1st collateral lien; all except the \$5,000,000 of exempt bonds are subject to call for the sinking fund at par, \$231,200 having been retired in 1896. The "exempt" bonds may be called after 1909. The 5 per cent debentures of 1890 and 1892 are convertible into stock, at any time prior to December 1, 1902, except when books are closed. See terms of conversion on page 5 of the SUPPLEMENT for Oct., 1896. Many of the bonds are redeemable (may be drawn before maturity at various prices, plus accrued interest, as stated in the table above.

GENERAL FINANCES.—The Chicago Burlington & Quincy Railroad has been one of the most profitable in the country, as its numerous branches tributary to the main line were built into choice agricultural territory. Corn, however, being one of the principal articles carried by it, its earnings vary greatly according to the size of the crop. The company's sinking funds have received to Jan. 1, 1896, over \$16,000,000. With this money about \$7,000,000 of the company's bonds have been canceled, while the remainder of the cash not so used has been invested for the benefit of the several sinking fund loans in bonds that are held alive drawing interest and are therefore included in the company's outstanding debt. In 1896 the aggregate sinking fund income was close to \$1,256,000, of which about \$778,000 is the amount carried direct to the sinking fund and the balance appears in the accounts merely as part interest on funded debt. The outstanding debentures aggregate \$31,910,900; of this amount \$9,000,000 was used to purchase the Hannibal & St. Joseph, from which a good income is received, while \$7,647,000 was used to buy other stocks and \$15,263,900 for improvements, etc. As unencumbered assets, on the other hand, the company owns besides the \$14,244,900 Hannibal & St. Joseph stock above mentioned, a large amount of stocks and bonds, a list of the same being in V. 63 on pages 778 and 777. The road owned unbonded and the roads whose bonds are all owned were in 1896, as follows:

HISTORY, LEASES, &c.—Reorganized under existing title September 1, 1877. On June 6, 1891, formally consolidated with the Chicago & Indiana Coal RR. See V. 58, p. 937. Also owns control of Evansville Terre Haute & Chicago RR. and \$1,000,000 stock of the Chicago & Western Indiana—which see, having all the local traffic of the latter road from Dolton into Chicago. In January, 1890, a ten-year traffic contract was made with the Evansville & Terre Haute for the operation of a through line between Chicago and Evansville. V. 55, p. 995. In March, 1897, the Chicago Paducah & Memphis, 97 miles, was absorbed by consolidation, V. 64, p. 422, and a connection from Shelbyville to Altamont, 25 miles, built. (V. 64, p. 516.)

CAPITAL STOCK.—The common stock is entitled to all surplus after 6 per cent on the preferred stock. In addition to the amounts outstanding in the table, \$2,158,800 common and \$407,100 preferred were held in the company's treasury June 30, 1895.

BONDS, GUARANTIES, &c.—The Chicago & Eastern Illinois guarantees the interest on Evansville Terre Haute & Chicago issues (see that company) and interest on \$150,000 Indiana Block Coal 1st 7s.

The general consolidated mortgage of 1887 (trustees, Central Trust Company) provides for the retirement of \$6,042,000 prior bonds and for issue of bonds on new road at \$18,000 per mile for single track and for issue of bonds for equipment at \$7,000 per mile and for double track at \$8,000 per mile. These bonds are a first mortgage on 154 miles of road, including the line from Rosaville via Sidell to Altamont, etc., also on equipment valued at \$2,355,000, and upon real estate in Chicago costing over \$1,200,000. They also cover 106 miles of double track from Danville to Dolton, Ill., and rest of property subject to prior liens. As to Chicago Paducah & Memphis, see above.

Chicago & Indiana Coal first mortgage of 1886 (trustees, Metropolitan Trust Company and R. B. F. Pierce) is for \$1,000,000 on road from Yell to Brazil and \$25,000 per mile (87,000 of this for equipment) for extensions; second track, \$8,000. The bonds have been assumed.

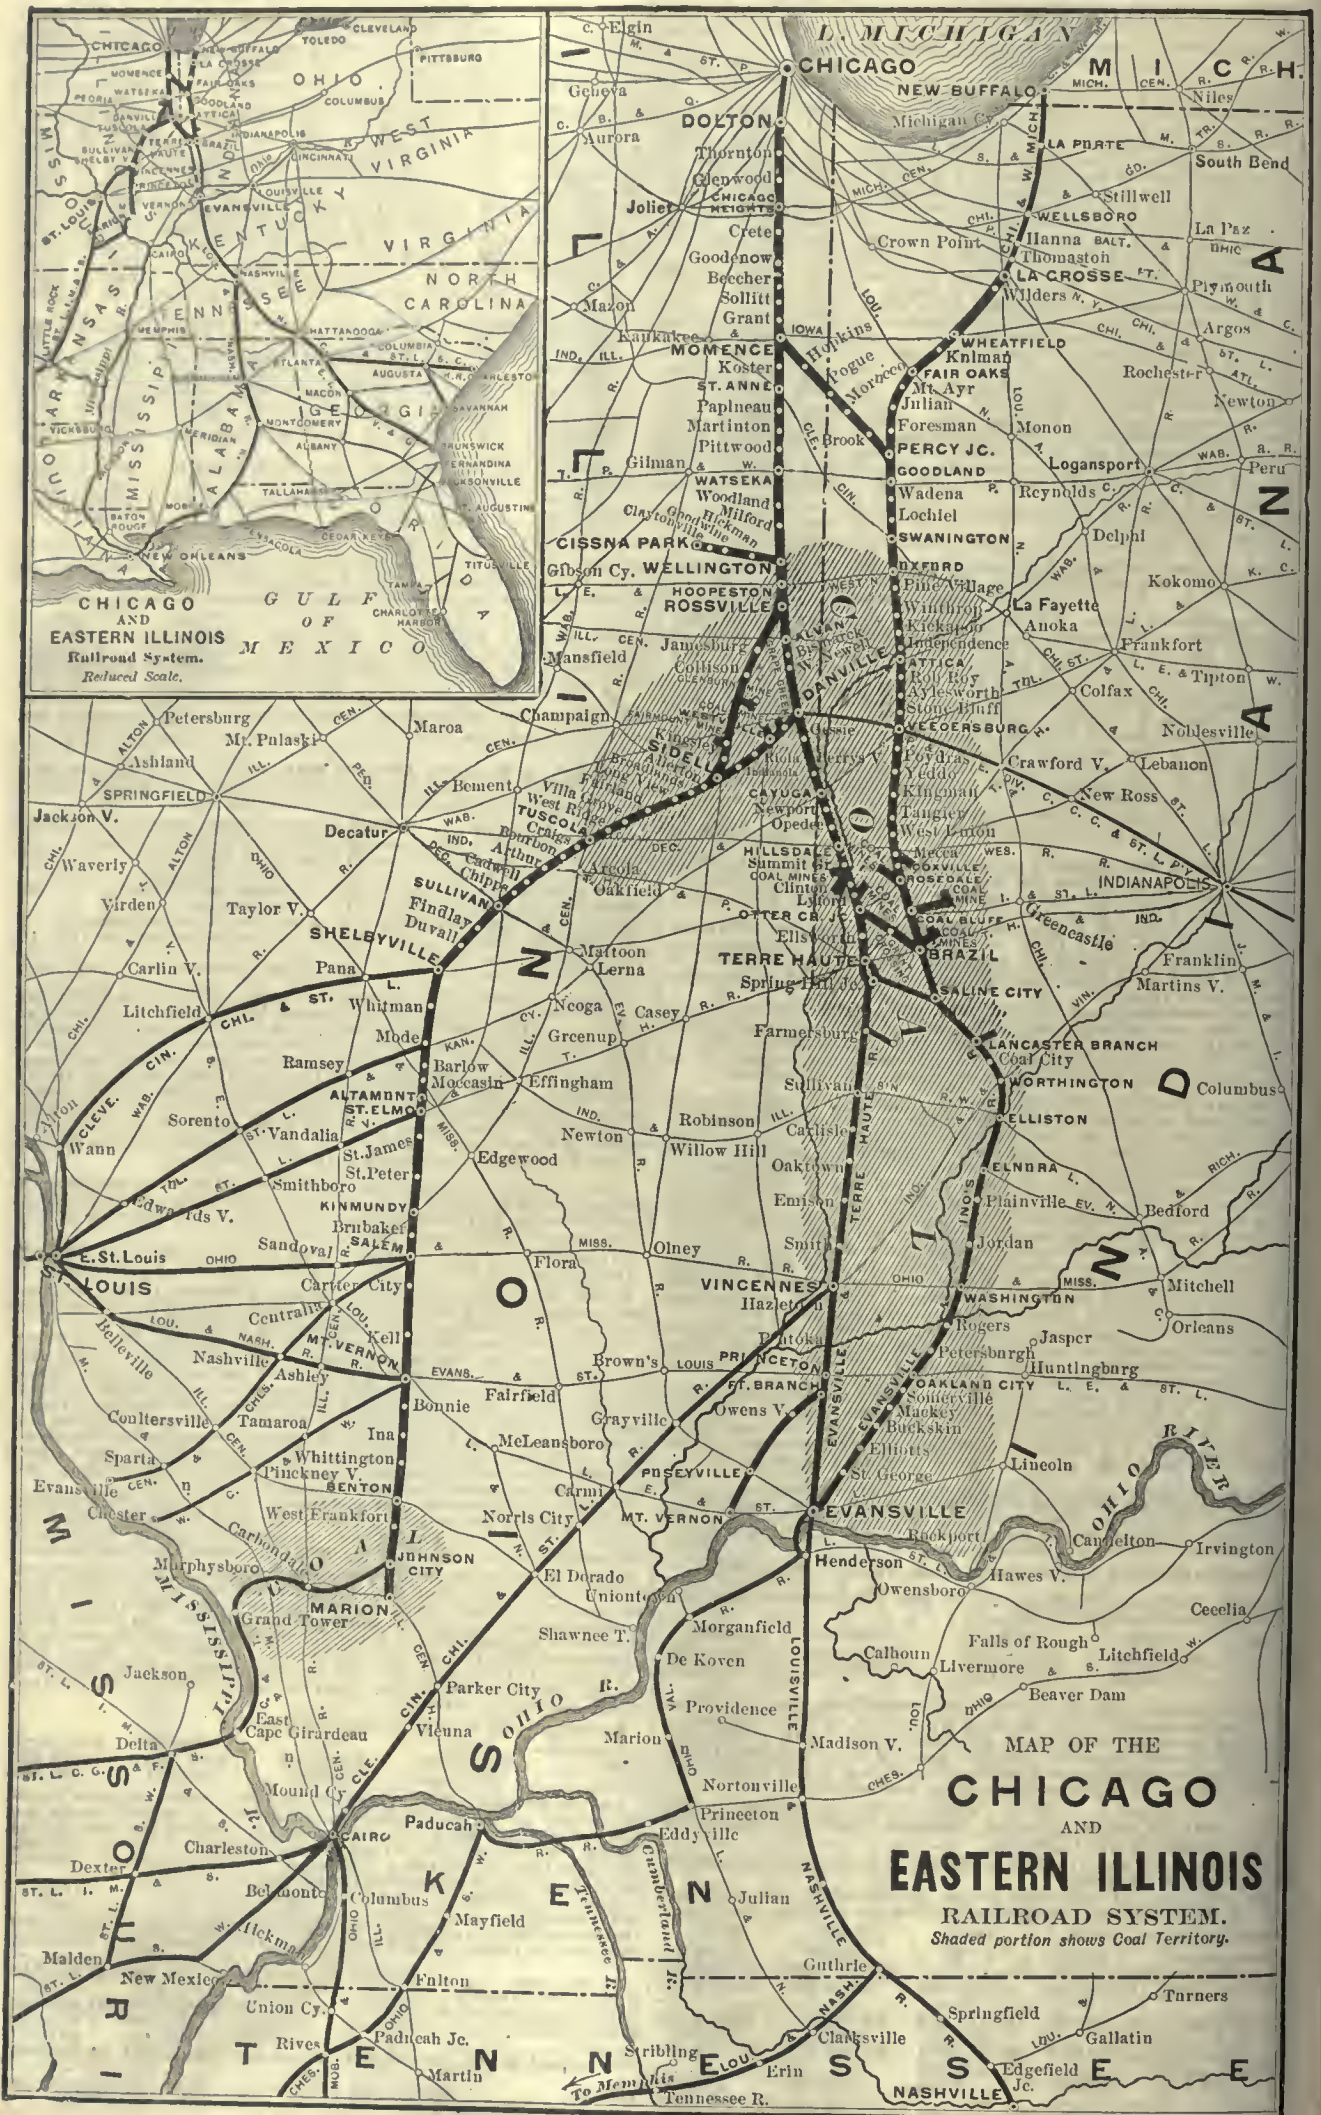

GENERAL FINANCES.—This company owns most of the capital stock of the Brazil Block Coal Co., and carries all its coal. It carries also the coal of the Grape Creek region. It has bought within a few years terminal property in Chicago worth over \$1,200,000. In March, 1897, consols for \$2,250,000 were listed, having been issued on account of purchase of Chic. P. & M. and connection therewith. V. 64, p. 516. On June 30, 1896, pay-rolls and current accounts were \$304,765; "other liabilities," \$307,256. Cash on hand, \$120,725; bills and accounts receivable, \$310,203.

It owns 749-47 acres, of which 65-54 acres are in the heart of the city, and 3,500 feet of docks fronting on the Chicago River between Harrison St. and Fifth Ave. It has in operation 42-58 miles of main line, of which 25-7 is double track, and 55-18 miles of spur and industry tracks. It also owns the Grand Central Passenger Station at Harrison and Fifth streets.

The Chicago & Calumet Terminal Ry., which is to be included in the reorganization (its \$5,000,000 of stock and \$6,000,000 of bonds being owned by the Northern Pacific), owns 33 miles of main track and 33 miles of side track, constituting a belt line located just outside the limits of Chicago. It has connection with almost every railroad entering the city and many important industries, and does chiefly a switching and transfer business between them. It has always been operated by the Chicago & Northern Pacific.—V. 62, p. 778.

RECEIVERSHIP.—Receivers were appointed Oct. 10, 1893. On July 1, 1895, possession of the property was surrendered by the Wisconsin Central Co. to A. Lawrence Hopkins, Receiver, and has been operated by him since that date. V. 61, p. 68.

SALE.—Purchased at foreclosure sale Nov. 17, 1896, for \$8,000,000 under mortgage of 1900 by the bondholders' committee. V. 63, p. 908.

RENTAL, &c.—The Baltimore & Ohio, the Chicago Great Western and the receivers of the Wisconsin Central lines are tenants of the Chic. & N. P. and pay rentals, the former \$175,000 per year, the Chicago Great Western about \$175,000 per year (see V. 64, p. 256), and the receivers of the Wisconsin Central lines \$144,000 per year, last mentioned on account subject to adjustment. Also derives income from suburban traffic.

On Dec. 3, 1894, the committee submitted a general plan to which over 70 p.c. of the depositing bondholders assented within the required time, so that under the terms of the agreement the plan became operative as to all bonds deposited.

In April, 1896, a settlement was made with the Northern Pacific by which that company is to return the \$2,500,000 C. & N. P. bonds held by it (see V. 59, p. 651), and the C. & N. P. agrees to include the Chicago & Calumet Terminal in its reorganization plan.

HISTORY, &c.—The Chicago & North Western Railway was organized in 1859, and has since absorbed many other roads.

In December, 1882, a controlling interest was acquired in the stock of the Chicago St. Paul Minneapolis & Omaha Co., which see.

In July, 1884, the capital stocks (except a few shares) of the Fremont Elkhorn & Mo. Valley and the Sioux City & Pacific were acquired on the terms stated in the SUPPLEMENT of June, 1885, and prior issues.

In December, 1891, the Milwaukee Lake Shore & Western RR. was bought by an exchange of stock, and on Sept. 1, 1893, it was formally merged into the Ch. & N. W., all its liabilities and duties being assumed. See V. 57, p. 375; V. 56, p. 792. As to Wisconsin Northern Ry. see V. 62, p. 363; V. 63, p. 311, 313.

CAPITAL STOCK.—Of the common stock \$2,333,608, and preferred \$3,795 remained in the co's treasury in June, 1896. Pref. stock has a prior right to 7 p. c.; then common 7 p. c.; then preferred 3 per cent; then common 3 per cent; then both classes share.

BONDS.—The general consol. mortgage of 1872 is a mortgage on all the property of the company at the date of the mortgage; the issue can be increased only to retire a like amount of prior bonds.

The sinking fund bonds of 1879 are secured by deposit in trust of \$15,000,000 of 1st mortgage bonds at \$15,000 per mile on subsidiary lines, the most important being described in SUPPLEMENT of May, 1894. Of the sinking fund bonds of 1879 \$5,951,000 are 6s; the sinking fund is at least 1 per cent of outstanding bonds, which are subject to call at 105; and through its operation the amount outstanding has been reduced from \$15,000,000 to the present figure.

The Iowa Division bonds of 1891 cover road from Wall Lake to Kingsley, Iowa, 71 miles. See V. 55, p. 217. The sinking fund debentures of 1933 have a sinking fund of \$200,000 per year, if they can be redeemed at 105. These, as also the debentures of 1884 and 1891, will be secured by any future mortgage excepting any mortgage "for the enlargement, improvement or exten-

sion of the company's property." See description of all the debentures on page 2, SUPPLEMENT of April, 1895. The 25-year debenture mortgage of 1884 is for \$6,000,000, and bonds outstanding have been reduced to present figures by sinking fund purchases under which \$631,000 were held alive June 30, 1896.

The extension bonds of 1886 are secured by deposit in trust of first mortgage bonds at a rate not exceeding \$20,000 per mile. Included in the collateral June 1, 1896, were \$10,675,000 Fremont Elk Horn & Mo. Valley 1sts and \$2,560,000 Wyoming Central 1sts (the Wy. Cent. having been consolidated with F. E. & M. V.), etc. To Oct., 1896, Extension 4s for \$18,632,000 had been listed on N. Y. Stock Exchange, of which, June 30, 1896, \$1,143,000 were held alive in sinking funds. See F. E. & M. V. bonds below. Union Trust Co. of N. Y., trustee.

The Fremont Elkhorn & Missouri Valley consols have a first lien on 1,170 miles (Fremont, Neb., to Deadwood, D. T., 557 miles, and branches to Hastings, Alhion, &c., 613 miles), but besides the amount of issue given as outstanding in the table \$10,675,000 are held as part collateral for Chicago & Northwestern extension bonds of 1886. The Northwestern assumed \$3,600,000 of the Fremont Elkhorn & Missouri Valley bonds and guarantees the rest. See guaranty V. 56, p. 650.

The Milwaukee Lake Shore & Western debentures are convertible into stock at par at any time within ten days after the date fixed for payment of dividends on com. stock. The extension and improvement mortgage sinking fund commences in 1893, and will receive not less than \$25,000 yearly; these bonds are not subject to call.

In addition to the company's bonds, as shown in the table above, there were May 31, 1896, \$2,712,500 alive in the sinking fund.

The securities acquired by the Great Northern have been placed in trust to secure the utility of the system. (See V. 49, p. 435; V. 50, p. 205.) The St. Paul Min. & Man. consol. mort. of 1883 is for \$50,000,000, of which bonds are reserved to pay prior liens. The consols (on payment of the firsts in June, 1897) become the first and only lien on the company's land grant and on 670 miles of railway in Minnesota and a second lien on the remaining 1,873 miles in Minnesota and the Dakotas, the prior liens on which average only \$7,300 per mile. V. 64, p. 518. The mortgage on Montana Extension is for \$25,000,000 for extensions, \$15,000 per mile being allowed for second track; bonds for \$11,502,000 secured by this mortgage, additional to amount in table, are deposited as part security for Pacific extension bonds. Abstract V. 45, p. 342.

Pacific extension mortgage for \$6,000,000 (trustee of mortgage Central Trust Company of New York), provides for bonds at \$6,000 per mile in Montana and \$7,000 per mile west of Montana; \$3,000,000 of this issue, in addition to those given in the table above, are pledged to secure the Great Northern's collateral trust bonds. See abstract of mortgage, V. 52, p. 82.

Eastern Railway of Minnesota runs from Hinckley northward 70 miles, to a point near Duluth; the mortgage covers road, equipment, terminals and elevators. Montana Central bonds cover several roads (See adv. CHRON. Dec. 12, 1891.) The Manitoba guarantees both these issues, and the Great Northern assumes the guaranty.

The Willmar & Sioux Falls bonds are endorsed with joint and several guaranty of the Manitoba and Great Northern companies. Further issues may be made at \$17,500 p. m. for additional road. V. 56, p. 247. Minneapolis Western first mortgage is for \$1,000,000 and covers the property and equipment of that company. The bonds are unconditionally guaranteed by the St. P. M. & M. and the Gt. Nor. V. 60, p. 835.

The strength of the company is largely due to low grades and the consequent large train loads (in 1895-96 averaging 256 tons); rate per ton mile .076 of a cent.

EARNINGS.—Jan. 1 to Mar. 31, 3 months, gross, \$3,306,440 in 1897, \$3,644,782 in 1896. For calendar year 1896 gross, \$10,632,093, against \$18,126,386 in 1895.

New York office, 23 Broad St. (V. 62, p. 85, 663, 680, 687, 909; V. 63, p. 559.)

Mexican National RR.—Owns narrow gauge road from Laredo to City of Mexico, 842 miles; Acambaro to Patzcuaro, 96 miles; El Salto branch, 45 miles; Matamoros to San Miguel, 76 miles; small branches, 5 miles; total owned, 1,064 miles; controls through ownership of stock, Texas Mexican Railway, Corpus Christi to Laredo, Texas, and branch, 163 miles; other lines, 5 miles; total, 1,232 miles. Gauge, 3 feet; rail (steel and iron) 40 and 45 pounds to the yard.

HISTORY.—A reorganization of the Mexican National Railway foreclosed May 23, 1887. See also Mex. National Ry. Co., Limited, below.

SUBSIDY.—In March, 1895, holders of first mortgage [also called prior lien] bonds accepted the plan for conversion of unpaid subsidy certificates into Mexican Government 5 p. c. bonds, uncollected subsidy, \$3,335,685, to be settled by deposit of \$4,544,300 of Mexican Government 5s as security for the firsts of 1887.—(See V. 62, p. 593, 1139.)

STOCK.—Stock, \$33,350,000 (par \$100), placed in trust with the Farmers' Loan & Trust Company, leaving the road in control of 1st and 2d mortgage bondholders until it earns and pays interest on both classes of bonds for two consecutive years. The first mortgage bonds have two votes [23,064 in all], the 2d mortgage, A. & B., bonds one vote each [24,530 in all]. The Mexican Nat. Construction Co. owns a majority of the stock and \$7,000,000 of the incomes.—See V. 63, p. 1115. Capital reserve fund Jan. 1, 1897, held \$734,786.

BONDS.—The first mortgage of 1887 is a prior lien upon all the lines in Mexico, constructed or to be constructed, and upon the Texas Mexican securities. The bonds are redeemable on notice at par. Trustees Hugh M. Matheson and Capt. W. G. Raoul. Original issue \$12,500,000, which has been reduced to present figure by redemption with subsidy, \$119,000 bonds being paid in 1896, against \$46,000 in 1895.

The 2d mortgage bonds, series "A," are strictly cumulative, and not foreclosable while stock remains in trust as above stated; the 2d mortgage bonds, series "B," are non-cumulative; trustees, W. G. Raoul and J. A. Horsey; \$200,000 of 2d mortgage bonds are reserved for betterments. As to the deposit in 1896 of A and B bonds with the Mexican National Ry. Co., Limited, see that company next below. Third mortgage trustees, C. J. Canda and H. A. Risley.

On series "A" bonds from earnings 2 per cent was paid March 1, 1893; 1 per cent on April 1, 1895; 1 1/2 per cent on April 10, 1896; 3 p. c. Mar. 22, 1897, at Nat. City Bank, N. Y., and in London.

Of the 2d mortgage bonds \$5,000,000 [one-half each series A and B] entered into a special trust arrangement by which they are drawn for payment with proceeds of certain subsidy certificates, but remain alive in hands of the trustees, as the property of the Construction Co., to whom they are to be delivered when the whole \$5,000,000 have been redeemed. See V. 56, p. 20, and FINANCIAL REVIEW for 1890, page 59.

Mexican National Ry. Co. Limited.—This depositary company was formed in 1896 (per plan in V. 62, p. 1139, see also p. 635) by the "A" and "B" bondholders of the Mexican National RR. Co. to give them "more immediate and practical control" over that company. Its share capital is \$24,530 in 10s shares, and is deposited in trust to give the control of the depositary company to the certificate holders. The certificates were issued in exchange as follows: \$250 A certificate for a \$1,000 "A" bond deposited; \$200 B certificate for \$1,000 "B" bond and \$125 A and \$100 B certificate for a Matheson certificate. In March, 1897, there had been deposited all but about \$8,000,000 of these securities. The "A" bonds have two votes, "B" certificates one vote each. The income received from the A and B bonds deposited will be applied: (1) To expenses of London management not over \$2,000 yearly; (2) to sinking fund an amount not exceeding 2 per cent of revenue collected; (3) to 5 per cent dividends on A certificates; (4) to dividends on B certificates. Michigan Central.—(See Map adjoining New York Central page.)—LINE OF ROAD.—Main line—Kensington to Detroit, 270 miles, and Windsor to Suspension Bridge (Canada Southern), 226 miles; total main line, 496 miles. Branches owned and leased 1,132 miles; trackage Ill. Cen., 14 miles; total January 1, 1896, 1,642 miles. There are 244 miles of second track and 877 miles of side tracks.

ORGANIZATION, LEASES, &c.—The Michigan Central was chartered in 1846; the whole line, Detroit to Kensington, was opened in 1852. The lines described above as leased are all held by the Michigan Central nominally under leases at fixed rentals. To enter Chicago uses the Illinois Central from Kensington under a perpetual lease. The Terminal RR. owns from Union Stock Yards to Chappel, Illinois; the road is operated by the Chicago Hammond & Western, which see.

CANADA SOUTHERN CONTRACT.—In Nov., 1882, a close contract was made with Can. So. for the operation of its road. The contract provided for a re-apportionment every five years and in the re-apportionment December, 1892, it was agreed that the Canada Southern should thereafter receive 40 per cent and the Michigan Central 60 per cent of the first \$1,000,000 of net earnings, any amount over that to be divided as theretofore—one-third to C. S. and two-thirds to M. C.; but under the original contract each company was accorded all benefit to accrue from reduction in its fixed charges. The M. C. to Jan. 1, 1896, had reduced its charges \$319,200, the Can. Southern not at all. (V. 64, p. 5.)

CAPITAL STOCK.—The stock has remained at same amount since 1873.

BONDS.—The Jackson Lansing & Saginaw bonds were assumed by Michigan Central, which also guarantees in perpetuity 3 1/2 per cent on the stock. The Bay City & Battle Creek mortgage is for \$1,800,000, but amount outstanding is limited to \$15,000 per mile. The total issue of Battle Creek & Sturgis bonds is \$500,000, but of this \$79,000 was sub-guaranteed by the Lake Shore & Michigan

Southern, 7 miles of the B. C. & S. being operated by that company. The Bay City & Battle Creek and the Battle Creek & Sturgis issues both carry the guaranty of the Michigan Central endorsed on the bonds.

OPERATIONS, FINANCES, &c.—The road is operated under a close contract with Canada Southern, and the earnings of both roads are included in the statistics below. As to division of profits between the companies, see explanation V. 64, p. 5. Nothing has been charged to either the construction or equipment account since 1893, with the exception of land for right of way and terminals. All betterments and improvements to the road have been charged to operating expenses.

P. Morgan & Co., the Deutsche Bank and Drexel & Co. per plan in the CHRONICLE of March 21, 1896, p. 550.

In the reorganization the \$49,000,000 old common stock paying assessment of 15 per cent received 100 per cent of new common. The \$35,000,000 old preferred paying assessment of 10 per cent received 50 per cent of new common and the same of now preferred.

As to the company's charter, see V. 63, p. 1071. The St. Paul & Northern Pacific, previously controlled by stock, was merged in December, 1896, and is now owned in fee.

The original Northern Pacific Company was chartered by Congress July 6, 1864, and its road, opened 450 miles to Bismarck, was foreclosed in 1875. An outlet to Chicago was acquired in 1890 through lease of the Wisconsin Central and ownership of the Chicago & Northern Pacific (see these companies), but this was relinquished by the receivers Sept. 25, 1893, and permanently abandoned in the reorganization of 1896. The Northern Pacific will, however, when the reorganization of the Chicago & N. P. is effected, receive for its interest in the Chicago properties certain securities, as stated under Ch. & N. P. and in V. 62, p. 725, 778. Beside the Chicago lines, the only parts of the system not included in the reorganization are the Seattle Lake Shore & Eastern and the Central Washington—see these companies.

VOTING TRUST.—Both classes of stock (except sufficient to qualify directors) are vested until Nov. 1, 1901 (unless surrendered earlier at their discretion) in following voting trustees: J. Pierpont Morgan, August Belmont, Johnston Livingston, Charles Lanier, all of New York, and Georg Siemens of Berlin.

STOCK.—The new preferred stock is subject to call in whole or in part, at par, upon any first day of January prior to 1917. Additional preferred stock and other mortgages can be issued only with consent of a majority of the preferred and of the common stock represented at a special meeting. Pref. stock is "entitled to non-cum. dividends to the extent of 4 per cent per annum, payable quarterly out of surplus net earnings in each fiscal year before any dividends for such year shall be paid on the common stock." In any fiscal year in which 4 per cent dividends shall have been declared on both preferred and common stock, all shares, whether preferred or common, shall participate equally in any further dividends for such year. Dividends upon stock registered in Berlin may be collected there at the rate of 4.20 marks per dollar.—See also V. 63, p. 1071.

BONDS.—Abstracts of the new Prior Lien and General Lien mortgages of 1896 (the General Lien mortgage being in all respects subject to the other) were in V. 63, p. 1012-1019, and the statement to the New York Stock Exchange, was in V. 63, p. 1072, showing:

Table with columns: Description of bonds, Amount.

General lien gold 3 per cents (Farmers' Loan & Trust Co., mortgage trustee).....\$190,000,000
Of which reserved for prior lien bonds.....130,000,000
Issued, or about to be issued to carry out reorganization.....50,000,000
For new construction, betterments, equipment, etc.....4,000,000
Prior lien bonds, as shown above, are reserved to retire the present divisional bonds. When these shall have been retired, the prior lien bonds, by direct mortgage, or through ownership of securities, will be the first mortgage on 4,519 miles including (in addition to the 4,326 miles shown in V. 63, p. 1070) "lines owned but not operated", 29 miles; spurs, 123 miles; trackage and road half owned, 41 miles. Said bonds are now (through the ownership of substantially all the securities) virtually a first lien on 2,077 miles. Furthermore, as the prior bonds hold \$24,590,000 out of \$40,732,000 of the Northern Pacific Railroad general first mortgage bonds, they now represent more than 24.40ths of the first lien on 2,442 miles additional, and on the mortgage land grant, subject only to \$1,776,000 Missouri division bonds. It is expected at an early date to retire these Missouri division bonds. Sinking fund operations, it is believed, will rapidly retire the outstanding \$16,142,590 general first mortgage bonds.
No additional bonds can be issued under the old mortgages assumed, nor can said bonds be extended.

An abstract of the general first mortgage of 1881 was in V. 58, p. 903. The sinking fund under this mortgage must receive yearly an amount equal to at least one per cent of entire issue, but the proceeds of land sales to whatever amount received are applicable to the redemption of the bonds at 110.

LAND GRANT.—The land grant was 12,800 acres to the mile in the States of Minnesota and Oregon and 25,600 acres per mile in the (then) intermediate territories. The lands on Dec. 1, 1896, not yet sold were:

HISTORY.—Successor March 17, 1897, of the Oregon Short Line & Utah Northern Ry., sold under foreclosure subject to the Oregon Short Line mortgage of 1892 and the Utah Northern mortgages, and reorganized per plan of Feb. 20, 1896, in V. 62, p. 504, 505.

The old company was controlled by the Union Pacific Railway Co., which operated it under a traffic agreement.

CAPITAL STOCK.—Stock authorized, \$27,460,100, of which \$7,559,350 is held as part security for the U. P. collateral trust notes of 1891. A majority of the new stock (or \$14,370,000) under the plan went to the old bondholders. The old stock paid an assessment of 12 per cent and received 50 per cent in new common and 12 p. c. in bonds for the assessment.

GENERAL FINANCES.—By the reorganization the annual fixed charges were reduced from \$2,789,575 to \$1,853,270 and the mortgage indebtedness, new and assumed, to about \$25,000 p. m. The plan provided for payment of assessment on the \$13,827,200 of Oregon Ry. & Navigation stock, thus insuring to the new company a majority of the common stock of that important property now reorganized as the Oregon Railroad & Navigation Co.

BONDS.—Of the \$26,500,000 new *first consols*, \$24,172,000 are reserved to retire at maturity the loans not disbursed and \$2,001,000 are reserved for future use, the balance being issued at once. These bonds are a first lien on about 400 miles. The new securities will probably be ready by May 1, 1897, and will be distributed in the manner indicated in the table under Oregon Short Line & Utah Northern below.

The O. R. & N. stock is to be placed in trust as special security for the *Series B incomes*, but dividends thereon are to go to the Short Line company except as needed to pay to *Series B* their full interest. The *Series B* bonds will receive if earned 3 p. c. interest annually for first three years, then 4 p. c.; they will be represented by two directors; their consent must be secured to any lease of the property unless their interest is guaranteed thereby. No additional lien shall be placed ahead of *Series A* and *B* without the consent of a majority interest.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4, 1843) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23, 1896, under the general mortgage of 1889 and at receivers' sale, and their finances reorganized per plan in V. 61, p. 1100. As the present laws of Pennsylvania forbid a railroad company to hold over 30,000 acres of coal land, it was decided to reorganize under the charter of the old Excelsior Enterprise Co., which antedates the State Constitution of 1871. The name of the Excelsior Co. has been changed to "Reading Company", which company owns the stocks, bonds, real estate, equipment, etc. (see balance sheet, V. 61, p. 711) of the old Phila. & Reading RR. Co.; also \$20,000,000 stock and \$20,000,000 bonds of the Philadelphia & Reading RR. and the \$3,000,000 stock of the Coal & Iron Co. and against all this property issues its own securities. See V. 61, p. 709. The Railway Company took possession of the road Dec. 1, 1896.

The property of the Reading Company, as distinguished from the property of the Phila. & Reading Ry. Co. (which owns the railroad but no equipment), and of the Coal & Iron Co., consists of the following: Railway equipment leased to Railway Co. for 9 per cent (\$1,356,000) yearly, valued at \$16,950,000. Real estate not appertaining to RR. (annual revenue about \$175,000) 16,000,000. Coilers and barges leased to Ry. Co. for \$115,000 yearly. 1,450,000. Phila. & Reading Ry. stock (\$20,000,000) and bonds of 1896, \$20,000,000 par (annual interest to Reading Co., \$1,200,000) 40,000,000. Phila. & Reading Coal & Iron and Reading Iron companies' stock at par 9,000,000. Miscellaneous stocks and bonds at par (yielded in 1896 about \$765,000) 38,488,246. Mortg. and ground rents at par (not under '96-'97 mortg.) 266,594. Int. in Phila. & Read's Coal & Ir. above securities owned 68,154,079. Claims against other companies, etc. 3,314,384.

Total (total revenue, \$3,628,023. See V. 64, p. 710). \$193,613,902 In the reorganization the 41 millions of old stock and the 56 1/2 millions of old preference income bonds were assessed 20 per cent, the stock then receiving 100 per cent in new common and the preference incomes, common and preferred stock in certain proportions. The old company had previously been in receivers' hands from May, 1890, to February, 1893, also from June, 1894, to Jan., 1895, when it was reorganized without foreclosure per plan in V. 43, p. 747. The leases of the Lehigh Valley and Central RR. of N. J., taken early in 1892, were terminated in August, 1893, and 1892, respectively.

VOTING TRUST, ETC.—All classes of stock of the new company are to be held by voting trustees (J. Pierpont Morgan, Frederic P. Olcott and Henry N. Paul) for five years, and thereafter until 4 per cent cash dividend per annum shall be paid on the first preferred stock for two consecutive years, though the trustees may in their discretion surrender the stock at an earlier date. As to stock privileges see V. 64, p. 709.

BONDS.—The New General Mortgage 4s (abstract V. 64, p. 612) are secured by mortgages and pledge of all properties and securities embraced in the reorganization, and also all other property acquired thereafter by use of the new bonds. They will have a sinking fund out of the revenues from the Coal & Iron Company, but are not subject to compulsory redemption prior to maturity. The new mortgage is also, subject only to the bonds for which reservation is made, based upon properties or securities of all the lines of railroad owned, including the Philadelphia & Reading Railway Company proper, 391 miles; various leasehold lines, 597 miles; all the property of the Coal & Iron Company, or the securities thereof, representing nearly 200,000 acres of coal and timber land; equipment valued at about \$12,000,000, previously subject to about \$5,000,000 of car trust obligations, which have been acquired under the plan, and also the marine equipment.

Furthermore, it has a first lien upon a majority of the capital stock of various companies in the system owning 448 miles of railroad, of which 193 miles are leasehold lines included in the 597 miles above stated, and also on bonds of roads in the system (other than the P. & R. Ry. Co.) amounting to \$1,265,936 par value. The securities thus pledged were mostly held under the collateral trust mortg. of 1892, which has been paid off. The securities are said to have earned in 1894-95 an income of \$385,000, of which \$448,000 was actually received by the company in the way of dividends—see list of these securities in V. 64, p. 613.

The new mortgage is for \$135,000,000, issuable only as follows: To take up undisturbed bonds of the Reading RR. and Coal & Iron Co. \$61,431,000. For future construction, equipment, etc., at not over \$1,500,000 per annum under stringent provisions 20,000,000. Issued at once for reorganization purposes 50,369,000. Improvement mortgage 6 p. c. bonds of 1873 due Oct. 1, 1897, were offered extension at 4 p. c. for 50 years from April 1, 1897, payable in U. S. gold and guaranteed p. & l. by the Reading Co. V. 61, p. 470. The bond of 6s of 1882 were also extended at 4 p. c. till Mar. 1, 1937. The Reading Co. and Coal & Iron Co. becoming responsible for them. V. 61, p. 288.

The terminal mortgage bonds are Reading RR. bonds, and are secured by a mortgage upon all the property of the Terminal Co. and by a traffic contract between Reading and the Terminal Co. The trustees is the Provident Life & Trust Co. of Phila. Amount authorized, \$8,500,000. See description in V. 61, p. 85.

For ten-year sinking fund loan see January, 1895, SUPPLEMENT. The coal trust certificates under the agreement of May, 1895, are not redeemable until April, 1901—see particulars V. 63, p. 838. See also Jan., 1895, SUPPLEMENT. As to Philadelphia Subway Loan the receivers were authorized in June, 1894, to pay interest (and principal at maturity) of not exceeding \$3,000,000 out of a total issue of \$6,000,000 of 3 to 3 1/2 p. c. bonds of City of Philadelphia, to abolish grade crossings. The amount outstanding will be increased to this figure on completion of the subway. Principal is payable after ten years from date of loan in 20 annual installments. See V. 58 p. 1110; V. 62, p. 950; V. 63, p. 891. As to the \$61,431,000 outstanding old bonds (see V. 64, p. 614) of the Reading Co. and the Coal & Iron Co. under the general mortgage of

Southern Railway—(Concluded.)

ORGANIZATION, ETC.—A reorganization in 1894 of the old Richmond & West Pt. Ter. Railway & Warehouse system. The reorganization plan presented in May, 1893, was given in full in V. 56, p. 858, 874, and certain changes thereof in pp. 1016, 1058, and V. 57, p. 61. The modified plan of Feb. 20, 1894, was given in full in V. 58, p. 363, 385. In 1895 control was acquired of the Asheville & Spartanburg and the Alabama Great Southern (see those companies and V. 60, p. 433, 1148; V. 61, p. 26), and also a large interest in the Georgia Southern & Florida (see V. 61, p. 113, 375; V. 63, p. 361.) An agreement was likewise made with the Cincinnati Hamilton & Dayton for interchange of traffic with the Cincinnati New Orleans & Texas Pacific (see V. 61, p. 375), and proposition made to purchase the Cincinnati Southern (operated by C. N. O. & T. P.), but this was rejected—see V. 63, p. 361. Georgia Midland Ry. (98 miles) was leased in June, 1896, for 99 years.—V. 63, p. 361.

STOCK.—Authorized about \$125,000,000 common and \$60,000,000 *five per cent non-cumulative preferred stock*. No additional mortgage can be put upon the property, nor can the amount of the preferred stock be increased without the consent of holders of a majority of the preferred. The preferred stock is redeemable in cash at par.

Both classes of stock of the new company (except sufficient to qualify directors) are deposited with three stock trustees. The stock shall be held by the stock trustees and their successors, jointly till July 1, 1899, and for such further period (if any) as shall elapse before the preferred stock shall have paid five per cent cash dividend in one year, although the stock trustees may, in their discretion, deliver the stock at an earlier date. Certificates of beneficial interest, entitling the holder to dividends, are issued in lieu of the stock so deposited. Stock trustees are J. Pierpont Morgan, Charles Lanier and George F. Baker.

DIVIDENDS.—On preferred in 1897, Jan., 1 per cent.—V. 63, p. 1011.

BONDS.—The new *first consolidated mortgage*, Central Trust Co., N. Y., trustee (see abstract in V. 59, p. 753), is secured by mortgage and pledge of all the property of the company. The total authorized issue is \$120,000,000 of 5 p. c. gold bonds, as follows:

Issued to April 1, 1896.....	\$25,839,000
Issuable only to "prior bonds" (see V. 59, p. 785).....	69,124,700
retire certain "stocks" (see V. 59, p. 786).....	5,700,000
equipment obligations (see V. 59, p. 786).....	2,435,672
To be issued hereafter only for extensions and additions at not exceeding \$2,000,000 yearly, with a single exception as to \$4,000,000 (see V. 59, p. 786).....	16,900,628

Total authorized issue.....\$120,000,000

Of the \$20,000,000 consols originally reserved, \$2,100,000 have been used for purchase of Alabama Great Southern and other purposes. (V. 61, p. 569; V. 62, p. 504.) Prior bonds must be paid by maturity.

Charlotte Col. & Augusta first 7½ were extended to July, 1909, at 5 per cent. Extended bonds were assumed by Southern Ry., interest payable in gold.—(V. 59, p. 970, 1006.) East Tenn. equipment notes December, 1896, \$190,625.

Virginia Midland.—LINE OF ROAD.—Main line, Alexandria to Danville, 231 miles; Manassas Junction to Strasburg, 62 miles; Franklin Junction to Rocky Mt., 37 miles; Calverton, Va., to Warrenton, 9 miles; Union St. Branch, Alexandria, 1 mile; Strasburg Junction to Harrisonburg, 51 miles; total operated, 391 miles. Also owns branch Orange to Gordonsville, 9 miles, leased to Ches. & O., making grand total of 400 miles. The 51 miles to Harrisonburg was formerly leased to B. & O., but surrendered to Virginia Midland in November, 1896—see B. & O. item, V. 63, p. 967. Stock, \$6,006,144.

LEASE.—Operated under lease by Southern Railway Co., which owns \$1,500,000 of the \$6,006,144 capital stock, and has deposited it under its consol. mort. of 1894. The minority interest in the stock has been receiving 70 per cent of holdings in Southern Ry. preferred stock when offered for exchange. The old Richmond & Danville lease was assigned in its entirety by the Southern Ry. Under this lease surplus earnings over interest charges revert to the Virginia Midland; the bonds are not guaranteed and any advances by the lessee to meet deficiency in interest constitute a preferred indebtedness.

BONDS.—As to the liens of the several series of bonds given in the above, see SUPPLEMENT of May, 1894.

EARNINGS.—Earnings are not now reported separately by the Southern Ry. For the year ending June 30, 1895, gross, \$2,181,423; net, \$733,779; charges, \$909,475; balance, def., \$36,896. In 1894 gross, \$1,950,300; net, \$422,646; rental from L. & O., \$89,250; C. & O., \$1,000; deficit under charges, \$153,519. In 1892-93 gross, \$2,076,475.

LEASE.—The Boone Co. & Booneville RR. is leased till May, 1897. The Brunswick & Chillicothe was leased to St. L. Kan. City & Northern for 99 years. Its bonds bear 6 per cent interest till August 1, 1900, then

8 per cent till maturity. Entrance to Chicago is secured over the Chicago & West Indiana, of whose stock this company owns \$1,000,000.

CAPITAL STOCK.—The capital stock is \$32,000,000, of which \$24,000,000 is preferred, having a preference of 7 per cent per annum non-cumulative, and \$8,000,000 is common; par of each, \$100.

BONDS.—Abstracts of the mortgages of 1899 were in V. 49, pp. 270-273. The first mortgage covers all the lines owned both east and west of the Mississippi, excepting the Detroit & Chicago extension, 150 miles—see below—and enough bonds are retained to retire the prior liens on roads west; but the second mortgage covers only lines east of the river at time of organization in 1859, 1,012 miles. The Wabash purchasing committee, under the reorganization of 1899, still holds its interest in two roads, the sums realized from the sale of which will go to retire Wabash firsts at 105 after settlement of debts of committee. Of the debenture mortgage bonds \$3,500,000 are series A (preferred in respect to interest payments only) and \$26,500,000 series B. Series "A" received 6 per cent interest in 1890; in 1891, 6; in 1892, 6; in 1893, 6 per cent; in 1894 and 1895 none; in 1896, 1 per cent. (V. 57, p. 112.)

The Detroit & Chicago Extension bonds cover 150 miles, completed in May, 1893, from Montpelier, Ind., to Clarke Junction, 26 miles from Chicago. The company agrees to keep the earnings of this division separately, and having paid therefrom the interest on these bonds, to apply the surplus earnings in any year up to an amount equal to 2 per cent of the bonds outstanding, to a sinking fund for the issue, the bonds to be purchased or drawn by lot and paid at 110; but no more than \$70,000 bonds are to be redeemed in any one year. Mortgage is for \$3,500,000. Trustee, Central Trust Company. See full abstract in V. 54, p. 1049.

OBLIGATIONS ON LEASED LINES other than on the bonds in the table above are: Keokuk Railroad Co.—Annual rental charge, \$75,000 per annum, April 1, 1892, to April 1, 1895; \$90,000 per annum, April 1, 1895, and thereafter. Also \$500 per annum for organization expenses. Louisiana & Pike County Railroad—Annual rental charge, \$900.

GENERAL FINANCES.—June 30, 1896, there were bills payable \$400,000, and \$29,337 rolling stock notes payable monthly, chargeable to operating expenses. North Missouri 7s (total issue \$6,000,000) and St. L. K. C. & No. 7s (total issue \$3,000,000, due respectively July 1 and September 1, 1895, were paid by sale of first mortgage bonds.
